## RESOLUTION.

*Fort William, the 13th April 1877.*

THE Governor-General in Council observes that under the existing Bill Rules, Treasury Officers may grant to all officers in civil employ on the issue of pay, and to the extent of their monthly salaries, transfer receipts on the General Treasury at the capital of their Presidency at 1 per cent. premium for sums not less than Rs. 150.

Looking, however, to the great improvement in the means of communication, and to the lessened cost of remitting money in late years, His Excellency in Council is pleased to rule that in future the rate of charge shall be ½ per cent. throughout India.

ORDERED that this Resolution be distributed for information and guidance as follows:—

- 1.—To the several departments of the Government of India.
- 2.—To the several Local Governments and Administrations.
- 3.—To the Comptroller-General and to the several Accountants-General and Deputy Accountants-General in independent charge.
- 4.—To the several Chiefs of Departments administered by the Government of India in the Financial Department.

## NOTIFICATION.

*The 24th April 1877.*—In modification of the Notification dated the 13th August 1874, published at page 1273 of the *Calcutta Gazette* of the 19th idem, Part I, the Lieutenant-Governor has been pleased, under section 10 of Act V (B.C.) of 1876, to approve the following revised boundaries of the Berhampore Municipality, with effect from the 1st instant:—

The Municipality is divided into two blocks—block A, or the Berhampore block, and block B, or the Gorabazar block.

The block A of the Municipality is bounded on the west by the left bank of the Bhagiruthy river from a point opposite Kutuwallee thana on the road about 154 yards to the north of the north-western corner of the district jail boundary wall up to a point due west of Mekraj Baboo's house at Koonjo Ghata.

The other boundaries then run east along the Koonjo Ghata Rajbaree lane, up the Radhabullubpara lane, down the Girzatolla lane, till it meets the Dianaggore pucca road; it then runs south along the Dianaggore road for about 110 yards to a small culvert; thence direct to the tank on the north side of the Chaltia beel; thence along the north and east banks of that beel down to Joy Chand Khagra lane; thence westward along the Joy Chand Khagra lane to Baboo Radhica Churn Sen's garden; thence direct to Soorcepharah and on to the pucca bridge over the Kulkapore beel. The southern bank of the Kulkapore beel then forms the boundary, winding round up to the junction of the Jhowkhola pucca road and the Kulkapore pucca road; it then runs north along the Kulkapore pucca road up to a point near the Dutch burial-ground, where five roads meet; then north along the Saheb Ghata lane to the bank of the Adigunga to a large tank at Dhangurparah; thence direct to a point where three roads meet at the old cemetery; thence along Cossimbazar outpost road along the southern bank of the Katigunga to a cross road leading to the Nysripore road to Moharany Sarnomoyee's dwelling-house; thence south along the Panchanuntollah pucca road to Grant Hall corner; thence north along Khalaseebazar road and west along Berhampore bazar road to Kutuwallee thana.

Block B is bounded on the west by the Bhagiruthy river from a point opposite Koylah Ghata at the north-west corner of the college as far as Ajodhyaganore lane; thence east along the zemindaree road, up to its junction with the Chaltia kutchra road; and thence northward along the Chaltia kutchra road, meeting the pucca road to Choapore at a point 200 yards east of soldiers' cemetery; and thence west along the Koylah Ghata road south of the military cantonment to the north-west corner of the college.

No 2.—*Simla, the 20th April 1877.*—*Commerce and Trade.*—The following notice to Mariners is published for general information :—

#### NOTICE TO MARINERS.

##### HINDOSTAN, WEST COAST, GOA.

##### *Dangers at the Entrance to Marmagao River.*

The Sunchi West Shoal, which lies S. S. W.  $\frac{1}{2}$  W., nearly  $1\frac{1}{2}$  miles from Cabo Monastery, has a dangerous pyramidal rock with only 2 feet on it at low water, on which the sea does not always break.

Amec or Mundahsu Shoal is a rocky patch with 3 fathoms at low water, and situated S.  $\frac{1}{2}$  E., 2 miles from Cabo Monastery.

Neither danger is marked on the Admiralty Charts.

Camberi or Buffalo rock, off Marmagao peninsula, in line with the eastern extreme of St. George's islands, will lead a vessel well clear to seaward of these dangers.

Many other rocks are said to exist in this locality ; great caution, therefore, is necessary in navigating this part of the coast.

MARINE SURVEY DEPARTMENT ; CALCUTTA, }  
The 16th April 1877. }

JOHN HENRY ELLIS, Staff Comdr., R.N..  
Deputy Supdt., Marine Survey of India.

By Order,

G. H. M. BATTEN,

This Notice affects the following Admiralty Charts of India, West coast :—Achera river to Cape Ramas, No. 740 ; Viziadroog to Cochin, including the Lacadive Archipelago, No. 2737 ; Admiralty West coast of Hindostan Pilot, page 106, and Taylor's Sailing Directory, Vol. I, page 391.

If this Notice is received on board ship, the substance of it should be inserted on the charts affected by it, and introduced into the Sailing Directions to which it relates.

No. 3.—The following Notice to Mariners is published for general information :—

### NOTICE TO MARINERS.

#### HINDOSTAN, WEST COAST, BEYPORE.

##### *Existence of three patches of rock near the Anchorage.*

The Master Attendant at Madras has notified the existence of three patches of rock which do not appear on any chart close to, and to the southward of, Beypore anchorage, nearly abreast of the Southern Boundary pillar, about one mile off shore.

The most dangerous patch has on it only 8 feet at low water with 17 feet all round, and the following bearings are given :—

Calicut lighthouse N. by W.  $\frac{1}{4}$  W., Beypore flagstaff N. by E., and the Southern Boundary pillar E.  $\frac{1}{4}$  N.

To mark this danger the same authority has promulgated that a buoy painted black has been laid to the westward of it in 23 feet, and the following bearings are given :—

Southern Boundary pillar E.  $\frac{1}{4}$  N., Beypore flagstaff in line with Camel's Hump N. by E.  $\frac{1}{4}$  E., and Calicut lighthouse N. by W.  $\frac{1}{4}$  W.

It is also recommended that vessels passing during the night should not shoal into less than 8 fathoms.

No. 75.—*The 20th April 1877.—Pay and Allowances.*—It has been brought to the notice of the Governor-General in Council that great diversity exists in the rules regarding the travelling allowance of Civil Surgeons. In some cases these officers receive mileage only, in others they draw mileage for journeys and a daily allowance for halts, and under a third system they are permitted to receive, in addition to mileage, a daily allowance for the whole period of absence from head-quarters, including the period for which mileage is drawn. It is sufficiently obvious that the travelling allowance of officers employed in similar

capacities should be regulated, as far as local circumstances admit, on a uniform principle. His Excellency in Council is accordingly pleased to lay down the following rules for general adoption :—

I.—The rates of travelling allowance for Civil Surgeons are 8 annas a mile, subject to reduction under general rules for journeys by railway, and Rs 5 a day, except in the Berars, for which a rate of Rs. 6-4-0 a day has been experimentally sanctioned for the current year.

II.—Subject to such restrictions as the Local Government or Administration may see fit to impose as to the duration and frequency of his journeys, a Civil Surgeon is entitled either to the daily allowance or to the mileage for the whole of each period of his absence from his head-quarters on duty, unless the duty is one for which he receives no extra remuneration, in which case he is entitled to the daily allowance for halts and either to that allowance or to the mileage for journeys, provided that both allowances are not drawn for the same day, and that the allowance for journeys shall be payable only when the Civil Surgeon has the sanction of the district officer to his marching instead of going by dāk or railway.

No. 55.—*The 20th April 1877.—Separate Revenue.—Post Office.*—Mr. E. R. Douglas received charge of the office of Post-Master-General, Bengal, from Mr. T. W. Gribble, B.C.S., after-noon, on the 2nd April 1877. ●

The following orders, issued by the Government of India in the Military Department, are republished for general information :—

No. 359.—*Simla, the 20th April 1877.—Reports of Departure.*—Surgeon-Major D. B. Smith, M.D., G. G. O. No. 259 of 1877. *Japan*, 19th March 1877, from Calcutta.

Surgeon-Major J. H. Thornton, M.B., G. G. O. No. 51 of 1877. *Mongolia*, 26th March 1877, from Bombay.

No. 369.—*Transfers of Officers.*—The services of Surgeon W. E. Battersby, M.B., officiating in medical charge of the 5th Punjab Infantry, Punjab Frontier Force, are placed temporarily at the disposal of the Government of Bengal.

No. 370.—The services of Surgeon J. C. Fullerton, attached to the 10th Regiment of Native Infantry, are placed temporarily at the disposal of the Government of Bengal.

No. 371.—*Regulations — Volunteer Corps.*—The following addition is made to paragraph 47 of the Volunteer Regulations :—

*In Railway Volunteer Corps officers for the commissioned grades will be nominated by the Officer Commanding, and their names submitted to Government through the Honorary Colonel, it being understood that selections will only be made from members of the corps.*

## RESOLUTION.

*Fort William, the 13th April 1877.*

THE Governor-General in Council observes that under the existing Bill Rules, Treasury Officers may grant to all officers in civil employ on the issue of pay, and to the extent of their monthly salaries, transfer receipts on the General Treasury at the capital of their Presidency at 1 per cent. premium for sums not less than Rs. 150.

Looking, however, to the great improvement in the means of communication, and to the lessened cost of remitting money in late years, His Excellency in Council is pleased to rule that in future the rate of charge shall be  $\frac{1}{2}$  per cent. throughout India.

ORDERED that this Resolution be distributed for information and guidance as follows:—

- 1.—To the several departments of the Government of India.
- 2.—To the several Local Governments and Administrations.
- 3.—To the Comptroller-General and to the several Accountants-General and Deputy Accountants-General in independent charge.
- 4.—To the several Chiefs of Departments administered by the Government of India in the Financial Department.

## NOTIFICATION.

*The 24th April 1877.*—In modification of the Notification dated the 13th August 1874, published at page 1273 of the *Calcutta Gazette* of the 19th idem, Part I, the Lieutenant-Governor has been pleased, under section 10 of Act V (B.C.) of 1876, to approve the following revised boundaries of the Berhampore Municipality, with effect from the 1st instant:—

The Municipality is divided into two blocks—block A, or the Berhampore block, and block B, or the Gorabazar block.

The block A of the Municipality is bounded on the west by the left bank of the Bhagiruthy river from a point opposite Kutuwallee thana on the road about 154 yards to the north of the north-western corner of the district jail boundary wall up to a point due west of Mekraj Baboo's house at Koonjo Ghata.

The other boundaries then run east along the Koonjo Ghata Rajbaree lane, up the Radhabullubpara lane, down the Girzatolla lane, till it meets the Dianaggore pucca road; it then runs south along the Dianaggore road for about 110 yards to a small culvert; thence direct to the tank on the north side of the Chaltia beel; thence along the north and east banks of that beel down to Joy Chand Khagra lane; thence westward along the Joy Chand Khagra lane to Baboo Radhica Churn Sen's garden; thence direct to Sooreeparah and on to the pucca bridge over the Kulkapore beel. The southern bank of the Kulkapore beel then forms the boundary, winding round up to the junction of the Jlowkhola pucca road and the Kulkapore pucca road; it then runs north along the Kulkapore pucca road up to a point near the Dutch burial-ground, where five roads meet; then north along the Sahab Ghata lane to the bank of the Adigunga to a large tank at Dhangu-parah; thence direct to a point where three roads meet at the old cemetery; thence along Cossimbazar outpost road along the southern bank of the Katigunga to a cross road leading to the Nysripore road to Moharany Sarnomoyee's dwelling-house; thence south along the Punchanuntollah pucca road to Grant Hall corner; thence north along Khalaseebazar road and west along Berhampore bazar road to Kutuwallee thana.

Block B is bounded on the west by the Bhagiruthy river from a point opposite Koylah Ghata at the north-west corner of the college as far as Ajodhyaganore lane; thence east along the zemindaree road, up to its junction with the Chaltia kutchia road; and thence northward along the Chaltia kutchia road, meeting the pucca road to Choapore at a point 200 yards east of soldiers' cemetery; and thence west along the Koylah Ghata road south of the military cantonment to the north-west corner of the college.

The following order, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, is republished for general information :—

*No. 4.—Simla, the 24th April 1877.—Commerce and Trade.*—The following notice to Mariners is published for general information :—

#### NOTICE TO MARINERS. BAY OF BENGAL, ORISSA COAST.

*Pooree Port limits, &c.*

THE information contained in this Notice has been received from the Conservator of Orissa Ports.

The Pooree Port limits are—

- to the south-west, a line extending S. S. E. from the Temple near the beach, known as Swergadwar, to a depth of 10 fathoms at low water ;
- to the north-east, a line parallel to the above distant one nautical mile, likewise extending to the same depth of water, the shore end to be marked by a brick pillar ;
- to the south-east, the line of 10 fathoms at low water, as per Chart of the Bay of Bengal ;
- and to the north-west, the foreshore for 150 feet within high-water mark, extending from Swergadwar Temple to the north-east pillar.

It is also notified that vessels should not shoal into less than 8 fathoms, as the beach is steep-to, and that all ballast must be thrown overboard outside or seaward of the depth of 11 fathoms.

A flagstaff, the truck of which is 110 feet above the sea level, has been erected, with a yard pointing east and west, S 33° E from the highest dome of Juggernaut Pagoda, distant 1,400 yards.

The light proposed to be shown from the east yard-arm is an ordinary pilot vessel buoy station lantern elevated about 45 feet, and should be visible in clear weather from a distance of 5 or 6 miles.

The Government buildings, painted or washed white, situated close to the beach north-east of the flagstaff, are conspicuous objects from seaward. The native village and rice godowns or warehouses are to the westward of the flagstaff.

Position of flagstaff:—latitude 19° 47' 55" N., longitude 85° 49' 5" E.

Due notice will be given of the date of the port light being exhibited.

The 18th April 1877. }

JOHN HENRY ELLIS, *Staff Comdr., R.N.*,  
Deputy Supdt., Marine Survey of India.

By Order,  
G. H. M. BATTEN,

*Offg. Secretary to the Government of India.*

This Notice will affect the following Admiralty Charts:—Bay of Bengal, No. 70a, also the Admiralty Light List for 1877, and Taylor's Sailing Directory, Vol. I, page 468.

If this Notice is received on board ship, the substance of it should be inserted on the charts affected by it, and introduced into the Sailing Directions to which it relates.

The following orders, issued by the Government of India in the Financial Department, are republished for general information:—

No. 195.—*Simla, the 27th April 1877.*—*Notifications.—Accounts and Finance.*—From the Secretary to the Government of India, Financial Department, to the Secretary to the Government of Bengal,—No. 1801, dated Fort William, the 26th March 1877.

In the Financial Statement made before the Legislative Council of the Governor-General, the Hon'ble Sir John Strachey announced the resolution of the Government of India to enforce provincial responsibility for the financial results of works constructed at the public expense for local and provincial purposes. The reasons for this resolution have been fully explained by Sir John Strachey, and the policy itself, and its consequences to the Lower Provinces of Bengal, have been discussed with His Honor the Lieutenant-Governor.

2. It now only remains for me to forward to you, for submission to His Honor the Lieutenant-Governor, the accompanying abstract statement showing the financial results of Irrigation Works and State Railways in Bengal from 1871-72 to 1875-76, with estimates for 1876-77 and 1877-78.

3. This statement is prepared upon the principle of charging to the works half-a-year's interest on the capital expended during the year, in addition to a year's interest on the capital expended to the beginning of the year. It will be observed that it is estimated that, to defray the working expenses of the canals in Bengal in 1877-78 and make good the interest upon their capital cost, a sum of Rs. 22,19,000 must be provided from separate provincial resources. The interest due upon the capital expended upon State Railways in Bengal is estimated at Rs. 8,21,000, of which it is estimated that the net traffic earnings will supply Rs. 2,36,000, and the net sum of Rs. 5,28,000 is required to hold the Imperial Treasury harmless as regards State Railways.

4. Thus the sum due in 1877-78 to the Government of India from the Province of Bengal, in accordance with the resolution announced in the Financial Statement, is estimated to be—

				Rs.
For canals	...	...	...	22,19,000

Total				27,47,000

and, as announced by Sir John Strachey, the Government of India has taken credit for this sum in the estimates of the year 1877-78.

5. The calculations from which this demand is deduced do not include the capital expended on the Calcutta and South-Eastern Railway; but it is proposed to entrust the working of that railway to the Government of Bengal, and any profits that can be obtained from it may be appropriated to provincial uses.

6. The Governor-General in Council will accordingly make over to the use and responsibility of the Government of Bengal all the State canals and railways in Bengal, on condition that the Government of Bengal guarantee to the Government of India a net income calculated in the way in which the sum of Rs. 27,47,000 is calculated in the annexed statement.

7. If the canals and railways together yield less than the sum thus calculated, the Government of Bengal must supply the deficiency from separate provincial resources; if hereafter they should yield more, the surplus will be added to the balance of the local Government in the Imperial Treasury.

8. The transactions of the canals and railways will continue to be recorded as at present in the general accounts and estimates of India; the obligation now imposed upon the Government of Bengal will not interfere with the existing practice in this respect; but the local Government must include these transactions in the accounts and estimates which it is required to publish yearly under the rules for the administration of revenues and services entrusted to local Governments.

9. The present orders deal only with the financial part of the question; other questions connected with the future management of the works will have to be considered in the Public Works Department.

ORDERED that this letter and the abstract statement be published in the *Gazette of India*.

Ordered also that the letter and abstract statement be communicated to the Public Works Department for information and further orders, and to the Comptroller-General and the Accountant-General, Bengal, for information and guidance.

*General Abstract Statement shewing the Financial Results of Irrigation Works and State Railways in Bengal from 1871-72 to 1875-76, also Regular Estimates of the same for 1876-77, and Estimates for 1877-78.*

**No. 221.—The 27th April 1877.—Leave and Leave Allowances.**—The Governor-General in Council directs that the following be inserted as case (7A) in Appendix A to the Civil Leave Code:—

The service and residence of a Chaplain proceeding on leave to Europe should be entered in a footnote on his last pay certificate.

**No. 146.—The 27th April 1877.—Pay and Allowances.**—The Governor-General in Council directs that the following be inserted as exception (7) under Section 25 of the Acting Allowance Code:—

An Assistant Magistrate or Collector or an Assistant Commissioner placed in charge of the duties of District Superintendent of Police is entitled to a charge allowance of Rs. 100 a month, provided that no class promotion be given in the Police Department in consequence of the leave or deputation of the officer of whose office the Assistant Magistrate or Collector or Assistant Commissioner has charge.

This rule applies to supernumerary Assistant Collectors in the Bombay Presidency.

**No. 220.—The 27th April 1877.—Pensions and Gratuities.**—The Governor-General in Council directs that the following be substituted for Rule 1 under Section 3 of Supplement C to the Civil Pension Code:—

Pensions are granted either by the Government of India, the Government of Bombay, or the Government of Madras (as the case may be), or by the Secretary of State. A Chaplain proceeding to England on retirement without applying for pension to the Government of India, the Government of Bombay, or the Government of Madras (as the case may be), should procure a certificate from the Accountant-General showing his service, residence, the amount of pension to which he is entitled, and the date from which his pension may be paid. A Chaplain to whom pension has been granted in India should be careful before proceeding to England to obtain the usual certificate of the last issue of pay or pension to him in India.

The following orders, issued by the Government of India in the Military Department, are republished for general information:—

**No. 378.—Simla, the 27th April 1877.**—The undermentioned officer having completed twelve years' service, including four years in the Staff Corps, is promoted to the rank of Captain from the date specified, under the Royal Warrant of the 16th January 1861, subject to Her Majesty's approval:—

Lieutenant Alexander Evans Gordon, Bengal Staff Corps,—18th April 1877.

**No. 393.—Transfer of Officer.**—The services of Surgeon R. Cobb, doing duty at the Presidency General Hospital, are placed temporarily at the disposal of the Government of Bengal.

### Advertisements.

[N.B.—Advertisements, Notices, &c., intended for insertion in this part of the Gazette, cannot be received after Noon on Monday.]

NOTICE is hereby given that the proprietary right of Government to the undermentioned estate, situate in the district of Monghyr, will be put up to sale at the Monghyr Collectorate on Tuesday, the 15th May 1877, corresponding with 28th Choitro 1284, F.S.

The purchasers of this estate will be subject to the following conditions of sale :—

#### CONDITIONS OF SALE.

- (1.) The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, revenue free, in perpetuity, as the jumma is below one rupee.
- (2.) The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and the purchaser to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue Authorities.
- (3.) If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.
- (4.) If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

### NOTICE TO MARINERS.

#### HINDOSTAN, WEST COAST, SIND.

##### *Extension of the Hajamri mouth of the River Indus.*

The Bombay Government has notified that the banks forming the Hajamri mouth of the River Indus have recently been resurveyed, and found to have greatly extended since the survey of 1867.

Lieutenant Stiffe (late Indian Navy) who executed the survey, reports that the outer edge of the shoal water is now  $3\frac{1}{2}$  nautical miles to seaward of its former position, and is in latitude  $24^{\circ} 4' 24''$  N., and longitude east of Kurrachee lighthouse  $14^{\circ} 33''$ . Great caution therefore is required by vessels proceeding to or leaving Kurrachee.

At a distance of 2 miles from the shoal, there is a depth of 10 fathoms at low water.

The Kukiwari banks show no further material extension.

## ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

### REVENUE AND GENERAL DEPARTMENTS.

### NOTIFICATION.

*The 14th May 1877.*—The following general instructions are notified for the guidance of officers corresponding directly with the Government of Bengal, during the time His Honor the Lieutenant-Governor is at Darjeeling.

As a general rule, all communications should be sent, as usual, to the Secretary's Office in Calcutta; but communications which are urgent, and which can be made complete in themselves, so as not to require reference to papers at the Presidency, may be sent direct to the Secretary with the Lieutenant-Governor at Darjeeling.

S. C. BAYLEY,  
*Secy. to the Govt. of Bengal.*

No. 2986A.

*GENERAL.—The 13th May 1877.*—The orders of the 7th instant, granting three months' privilege leave of absence to Mr. E. H. Whinfield, Magistrate and Collector of Burdwan, are cancelled.

## NOTIFICATION.

*The 16th May 1876.*—The following bye-laws, framed by the Municipal Commissioners of Berhampore at a meeting under Section 313, Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information :—

*For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.*

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after day-light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said

overseer the expense of removing the carcass at such rate as the Commissioners may determine: and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

Penalty for infringement, Rs. 10.

2. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

Penalty for infringement, Rs. 10.

*For the regulation and management of privies.*

3. Every owner or occupier of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement, Rs. 5.

4. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of metal or earthenware.

Penalty for infringement after notice, Rs. 20.

5. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy, or other noxious or improperly constructed privy, may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

6. No owner or occupier of any house, land, or premises, in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law No. 4.

Penalty for infringement, Rs. 20.

7. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool, into any river, tank, khâl, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement, Rs. 20.

8. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or on any premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or the spread of disease: provided that the Municipal Commissioners shall be bound to supply such deodorants or disinfectants at cost price, and the price shall be recoverable from the owner or occupier of such privy or premises as a debt due to the Commissioners.

Penalty for not using deodorants or disinfectants so supplied, a fine which may extend to Rs. 10.

9. No person shall carry night-soil through the streets otherwise than in a closely-covered receptacle, of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

Penalty for infringement, a fine which may extend to Rs. 5.

10. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when, in the opinion of the Magistrate, there may be sufficient moonlight to render such a light or lights unnecessary.

Penalty for infringement, fine which may extend to Rs. 2.

11. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

Penalty for infringement after notice, a fine which may extend to Rs. 5.

12. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout or other thing intended for the conveyance of water as is described in bye-law 11, directing him to remove or alter such spout or other thing; and if the orders contained in the

notice be not carried out within ten days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

13. No person shall construct or place over any public drain any bridge, platform, building or structure of any kind except by and with the written permission of the Municipal Commissioners, and in such manner as they shall direct; and in the case of such bridges, platforms, buildings and structures now in existence, the Commissioners shall have power to issue a notice to the owner or occupier of any such bridges, platforms, buildings or structures directing such alterations as they may think proper.

Penalty for continued infringement after notice, daily fine which may extend to Rs. 3.

14. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Municipal Commissioners.

Penalty for infringement after notice, fine which may extend to Rs. 10.

Penalty for continued infringement after notice, daily fine which may extend to Rs. 5.

15. No person shall bury, or cause to be buried, any corpse, or part of a corpse, in any burial ground, in a grave constructed of masonry, in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

Penalty for infringement, Rs. 10.

16. No person shall bury, or cause to be buried, in any burial ground, any corpse, or part of a corpse, in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement, Rs. 10.

17. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than two feet from any other existing grave.

Penalty for infringement, Rs. 20.

18. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

Penalty for infringement, Rs. 20.

19. No one shall carry a corpse, or part of a corpse, through any highway, unless it be decently covered and totally concealed from public view.

Penalty for infringement, Rs. 10.

## EDUCATIONAL NOTICES.

1. The Calcutta Medical College Session of 1877-78 will commence on the 15th June next.

2. Students who may be desirous of commencing their studies are requested to apply to the Principal of the Medical College between the hours of 10 A.M. and 4 P.M., on or before the 15th June next, when the ten (10) vacant free presentations will be awarded. These are given to candidates upon their relative position in the University First Arts, B.A. and B.L. Examination, preference being given to those who have passed the highest examination.

3. The possession of the "First Arts" certificate of the Calcutta University will entitle students to enter the Medical College.

4. The course of instruction given in the Calcutta Medical College is framed to meet the requirements of the Calcutta University for obtaining its degrees in medicine and surgery.

5. The candidates who may fail in obtaining free presentations may be admitted as students on payment of an entrance fee of Rs. 15, and a further sum of Rs. 5 monthly during the period of their stay at the college, provided they enter into a guarantee to follow out the college curriculum to a close, and to graduate at the Calcutta University. Candidates who do not intend to graduate in Calcutta, or who wish to attend only a few courses of lectures, may be admitted as casual students on payment of a fee of Rs. 40 for each course of lectures, or Rs. 60 for six months' attendance upon any single branch of hospital practice. The cost of educating a casual student to compete at the examination of the Royal College of Surgeons of England amounts to Rs 810.

6. The certificates of lectures and hospital attendance of the college are recognized by the University of London, the Royal College of Surgeons of England, and the Worshipful Society of Apothecaries of London.

The following orders, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, are republished for general information :—

*No. 86.—Simla, the 11th May 1877.—Notifications.—Customs.*—In exercise of the powers vested in him by Section 6 of the Indian Tariff Act, 1875, the Governor-General in Council is pleased to declare that importations of mock gold leaf shall henceforth be assessed for duty at the rate of 5 per cent. *ad valorem*.

*No. 186.—The 11th May 1877.—Commerce and Trade.*—The following Notice, received from the Administration of La Martinique, is published for general information :—

#### COLONIE DE LA MARTINIQUE.

##### AVIS AU COMMERCE.

D'après une délibération du conseil général de la Martinique, sanctionnée par décret du 1<sup>er</sup> février 1867, la colonie était autorisée à percevoir pendant dix ans, sur les navires français étrangers armés au long cours et au grand cabotage entrant dans le port de Fort-de-France, un droit de tonnage réglé ainsi qu'il suit :

- 1 franc par tonneau de jauge pour les navires arrivant sur lest ;
- 1 fr. 50 cent. par tonneau de jauge pour les navires chargés aux deux tiers de riz, de bois ou de poissons salés ;
- 2 fr. 50 cent. par tonneau pour tous les autres navires.

Cette taxe, qui était destinée à récupérer le trésor d'une partie des dépenses résultant de la construction du bassin de radoub et des autres travaux d'amélioration du port de Fort-de-France, a cessé d'être exigible à partir du 1<sup>er</sup> janvier 1877.

##### NOTICE TO COMMERCE.

According to a deliberation of the general Council of La Martinique, ratified by a decree of the 1st February 1867, the colony was authorized to receive, during ten years, on French and Foreign ships, fitted out for long voyage or great coasting trade, coming into the port of Fort-de-France, a duty on the burden, fixed as follows :—

- 1 fr. per ton on ships coming in ballast ;
- 1 fr. 50 c. per ton on ships loaded up to two-thirds with rice, timber or salt-fish ;
- 2 fr. 50 c. per ton for other ships.

This duty, which was destined to recoup to the treasury a part of the expenses caused by the construction of the dry dock and other works for the improvement of the port of Fort-de-France, has ceased to be demandable since the 1st January 1877.

The following orders, issued by the Government of India in the Foreign Department, are republished for general information :—

*No. 1009P.—The 8th May 1877.—Political.*—Subject to the confirmation of Her Majesty's Government, His Excellency the Viceroy and Governor-General in Council is pleased to recognize the appointment of Monsieur A. Eydin, Consul General for France at Calcutta, as in charge of the office of the Consul General for Italy at Calcutta, during the absence of Chevalier G. Gallian on leave.

*No. 1018P.—The 9th May 1877.*—With reference to Notification No. 3140P, dated 15th December 1876, the recognition by the Government of India of the appointment of Chevalier G. Gallian as Consul General for Italy at Calcutta, has been confirmed by Her Majesty's Government.

The following orders, issued by the Government of India in the Financial Department, are republished for general information :—

*No. 451.—Simla, the 11th May 1877.—Pay and Allowances.*—The Governor-General in Council is pleased to decide that an officer who, while absent from duty on privilege-leave or examination-leave, is transferred to a new station, may draw travelling allowances for the journey direct from the place in India where the order reaches him, to his new station, at the rate (if any) to which he would have been entitled if he had been on duty : provided that the allowances thus drawn shall not exceed the total sum which he might have charged for the journey direct from his old station to his new one.

*No. 555.*—The Governor-General in Council directs that the following be inserted as Rule 3 under Section 3 of Supplement C to the Civil Pension Code :—

A Chaplain belonging to the Bengal Establishment, who wishes to obtain pension from the authorities in India, must submit his application to the Government of India in the Home Department, through the Venerable the Archdeacon or the Right Reverend the Lord Bishop of Calcutta. A Chaplain belonging to the Madras or Bombay Establishment must submit his application to the Government of Madras or the Government of Bombay, as the case may be, through the Venerable the Archdeacon or the Reverend the Bishop of his Diocese.

The following orders, issued by the Government of India in the Military Department, are republished for general information :—

No. 433.—*Simla, the 11th May 1877.*—The following appointment made by the Hon'ble the Lieutenant-Governor of Bengal, is approved :—

*Behar Mounted Volunteer Rifle Corps.*

Captain J. J. Macleod to officiate as Commandant, *vice* Major F. Collingridge, on furlough.

*Bengal Army Regulations.*

No. 434.—Paragraph 2784, Bengal Army Regulations, is cancelled, and the following substituted :—

2784. Officers commanding stations only should address the civil district officers direct, while General Officers commanding divisions, districts or brigades should themselves address Commissioners of Divisions and similar high civil authorities, but in addressing a civil officer in charge of a district, may do so through their staff officers.

No. 440.—*Regulations*—Under instructions from the Right Hon'ble the Secretary of State for India, the following alteration and addition are made to the Furlough and Leave Rules published in G. G. O. No. 1316 of 1875 :—

At the beginning of Rule 5, for the word "An" substitute the words *A Commissioned*.

The following clause to be added to Rule 5 :—

*A Warrant Officer receives half the emoluments of his office, calculated in the same manner as those of Commissioned Officers, no Warrant Officer, however, receiving as furlough pay less than the English furlough pay of his rank.*

## POST OFFICE.

## NOTIFICATIONS.

*Simla, the 15th May 1877.*RULES FOR THE CUSTODY, DISTRIBUTION AND SALE OF POSTAGE  
STAMP LABELS.*Approved by the Government of India in Financial Department letter No. 715, dated 9th February 1877.*

(N. B.—These Rules apply both to Service Stamps and to Ordinary Stamps, with the exceptions noted in Rules V and VIII.)

*Supplies from Central Depôts.*

I.—Supplies of postage stamps for the Madras Presidency, including Mysore and the local depôts subordinate to Madras, shall be supplied by the Superintendent of Stamps at Madras on the indent of officers in charge of local depôts.

II.—Supplies of postage stamps for the Presidency of Bombay, including Sind, Berar, the Central Provinces, and local depôts subordinate to Bombay, shall be supplied by the Superintendent of Stamps at Bombay on the indent of officers in charge of local depôts.

III.—Stamps for the Bengal Presidency, including the North-Western Provinces, Oudh, the Punjab, Central India, Rajpootana, Assam, and British Burmah, and local depôts subordinate to Calcutta, shall be supplied by the Superintendent of Stamps at Calcutta on the indent of officers in charge of local depôts.

IV.—The above mentioned supplies from central to local depôts shall be issued on credit.

*Local Depôts.*

V.—Every Treasury throughout India, including those attached to political, customs and salt agencies, shall be a local depôt for the sale of postage stamps, provided that the value of the stamps sold at one time to any purchaser shall not be less than Rs. 5, and shall not include any fraction of a rupee. At any station at which there is a collector of land revenue, neither a salt agent nor collector of customs shall be entrusted with the custody and sale of postage stamps. All sales under this rule will be for cash on delivery; and when the purchaser is one of those who are required to retail stamps under Rule VIII (not being a person employed in a Government Treasury), or is one specially authorized under Rule IX, a discount of one-half anna per rupee will be allowed. But to purchasers other than the above, no discount will be allowed; and officers in charge of local depôts must see that discount is not allowed except to the privileged officers above referred to. The sale of embossed envelopes shall be subject to the same conditions, except that they shall be sold in packets containing sixteen envelopes each, portions of a packet not being saleable. The price of each packet shall be the value of the stamps borne by the envelopes contained in it, the discount (if any) being calculated on that value.

The above rule is only partially applicable to "Service Stamps," which may be sold only to Government officials without restriction as to a minimum amount on a written application, accompanied by payment of the value in cash, and on which no discount is allowed. A receipt containing in detail the gross value of each description of Service Postage Stamps sold will be granted by the treasury officer for the amount paid to him.

VI.—A supply equal to the probable consumption for five months of the district attached to each local depôt shall be kept in each, and as soon as the number in store has fallen below the number expended during the preceding six months, the collector, or other officer in charge of the depôt, shall indent\* on the central depôt of his Presidency for a number equal to the consumption of the last three months for which accounts have been rendered to the central depôt of the Presidency. If by any accident the stock of stamps of any value should run short before the receipt of a fresh supply from the central depôt, the officer in charge of the treasury will indent on neighbouring districts for a quantity sufficient to meet the demand, which may be supplied or not, according to the discretion, and on the responsibility of the officer indented on, with reference to the wants of his own district. It will be the duty of the Superintendent of Stamps of the Presidency to report to the Director General of the Post Office, for the orders of

\* Form 1.

Government, every occasion on which it may appear, from the monthly statement or otherwise, that the store of stamps of any particular value in any district has fallen below the authorized amount.

*Branch Depôts.*

VII.—Every branch treasury and every tehsil treasury shall be a branch depôt for the sale of postage stamps under the conditions described in Rule V. It will receive its stamps from the local depôt to which it is subordinate, keeping always in store a supply sufficient to meet the probable demands of one month, estimated according to the average of former sales. It will keep an account of sales in the same form (3) hereafter prescribed for the treasurer's account, and will indent for supplies in the same form (4) as hereafter prescribed for the treasurer's indent. It will render an account monthly to the local depôt in Form 6A immediately on the expiration of the month.

*Retail sale of Stamps.*

VIII.—A supply of stamps for sale by retail shall be kept available at every post office, receiving house, tehsildaree, thana and every police station at which letters are received for despatch, and with every licensed stamp-vendor; and it shall be the duty of the officer to whom the person in charge of any of the above-named places is subordinate, to take steps to ensure that the supply kept on hand is at all times equal to at least one week's demand. Persons in charge of the above-mentioned places will receive discount on purchases under Rule V.

This rule does not apply to "Service Stamps."

By the term "licensed vendor," as used above, is meant a stamp-vendor licensed under rules framed by the local Government in accordance with Section 48 of the General Stamp Act (XVIII of 1869).

*Authorization of certain retail vendors other than the above.*

IX.—A district officer may authorize the grant of discount at half-anna per rupee on purchases under Rule V to any person who is a *bond fide* retail vendor of postage stamps, although he may not be one of those required to retail them under the above rule. Such authority shall be given in writing, and must be produced by the person authorized when claiming discount on purchases: the authority will hold good for only 12 months from the date on which it is given, and may be revoked at any time at the discretion of the district officer. No such authority may be given to any person employed in a Government Treasury. The authority so given may at the discretion of the district officer be made subject to conditions to be expressed in the writing of authority in any or all of the following respects, *viz*:—the maintenance of a sufficient supply of all or any specified denominations of postage stamps for retail: a particular shop, place or locality, or particular shops, places or localities, in which postage stamps are to be exposed for sale: the days and hours during which they are to be so exposed: and any restriction upon the sale in shops, places or localities other than those specified. A register showing the name, residence, and occupation of every person so authorized, and the date of the authority, shall be kept by the district officer.

*Custody of Stamps in Local Depôts.*

X.—The bulk of postage stamps in store at any local depôt shall be kept in parcels, containing a known number of sheets, in the treasury or other secure place, in one or more strong chests or presses, under double locks,—the key of one lock of each chest or press always remaining in the hands of the collector or other officer in charge of the stamps, and the key of the other in the hands of the treasurer.

XI.—The remainder of the stamps in store shall be in the hands of the treasurer, and shall not exceed the probable demand of fourteen days, estimated according to the average of former sales.

indent, after being approved or altered by the officer in charge of the postage stamps, shall be signed by him, and complied with as directed in the following rule. The indent thus signed shall be the warrant for the issue of the stamps.

XIV.—The officer in charge of the postage stamps shall cause the store under double locks to be opened, and the required number to be counted and delivered to the treasurer in his presence. A store-book† shall be kept in English, in which the number and value of the stamps delivered to the treasurer shall be entered, and a balance struck at the time of delivery. This balance will be attested by the initials of the officer in charge and of the treasurer, both of whom shall invariably be present during the whole time that the store under double locks, or any part of it, remains open. The deliveries shown in the store-book will agree with the indent as approved.

† Form 5.

XV.—If the treasurer require stamps at any intermediate time, the same process will be observed as is prescribed in the two preceding rules.

XVI.—Stamps will be supplied from the store under double locks only to the treasurer and to branch depôts, and on indent from them respectively. Sales shall be made not out of store, but from the supply in the hands of the treasurer or the supply in branch depôts.

XVII.—As soon as possible after the arrival of a despatch of postage stamps from a central depôt, or from any other local depôt, the packets or boxes are to be opened, one at a time, in the presence of the officer in charge of stamps. The stamps contained in each box or packet are then to be immediately counted and compared with the invoice,§ which, after being receipted, will be returned by the first post to the depôt whence they were despatched. Unless the officer in charge of the stamps can certify that the stamps contained in any given packet or box were immediately counted by himself personally, or in his presence, he will be held responsible for the value of any that may be found deficient. The stamps are then to be placed in the store under double locks and entered in the store-books, and no stamps are to be delivered to the treasurer or sold to any party without being first brought into store.

§ Form 2.

XVIII.—Officers in charge of stamps will have the stamps in store, both those under double locks and those in the hands of the treasurer, counted in their presence on the last open day of September and March in each official year, and will certify having done so in the following terms at the foot of the monthly accounts of sales and stock\* for those months furnished to the Superintendent of Stamps:—

\* Form 2.

*"I do hereby certify that I have personally counted the postage stamps in store on 18 , the actual value of which is Rupees (here enter the amount in words and figures); and that the rules prescribed by the order of the Government of India, dated 9th February 1877 are duly observed."*

XIX.—On occasions of transfer of charge, postage stamps will be made over in the same manner and under the same precautions as the cash balance in the treasury.

XX.—The officer in charge of each local depôt will submit, within the first week of each month, an account† to the Superintendent of Stamps of his Presidency, showing the balance in hand at the sudder and branch treasuries at the close of the preceding month, and the sales effected during that month.

† Form 6.

*Returns to be made by Central Depôt.*

XXI.—The Superintendent of Stamps of each Presidency will, on the 15th of each month, in addition to any account required by the Accountant General, furnish the Director General of the Post Office with a memorandum‡ showing the number of stamps distributed by him during the preceding month; and at the close of each month he will also furnish another memorandum§ showing the number and value of stamps in hand, and the total amount of the actual sales of each local depôt and of all the local depôts supplied by him.

## NOTIFICATION.

*The 30th April 1877.*—The following rules, for the guidance of the Benches of Magistrates to be established in Calcutta under Section 9 of the Presidency Magistrates' Act IV of 1877, framed by the Chief Magistrate of Calcutta and sanctioned by the Lieutenant-Governor, are published for general information :—

1. The Bench shall try such cases as may be referred to it by either of the Stipendiary Magistrates, subject to the provisions of Rule 8. Provided, further, that no case triable by the High Court only shall be so referred.

2. Benches shall ordinarily sit for the first hearing of cases on the dates and at the time mentioned below. A special Bench may, however, be convened on any other day by either of the Stipendiary Magistrates :—

[Here insert dates and time of sitting.]

3. A Bench shall ordinarily be composed of not less than three Magistrates, when they are all Honorary Magistrates, or of two, when one of them is a Stipendiary Magistrate and the other an Honorary Magistrate. The Honorary Magistrates will sit in the rotation arranged by the Commissioner of Police, but any Magistrate not named may sit unless the Chief Magistrate otherwise directs.

The Stipendiary Magistrates shall be *ex-officio* members of Benches.

4. The Chief Magistrate shall, if present, officiate as Chairman. In his absence the Junior Magistrate shall, if sitting, officiate as Chairman. In the absence of both the Stipendiary Magistrates the Bench may elect its own Chairman.

5. The Chairman shall conduct the proceedings of the court, and exercise all the functions in that behalf usually exercised by a Presidency Magistrate when sitting alone. He shall decide upon the admissibility of evidence, and maintain order in the court; but it shall be open to any member of the Bench to put any question to the witnesses, either direct or through the Chairman, as the latter may deem advisable, and to suggest any matter for the Chairman's consideration.

6. Each member of the Bench shall have a voice in the finding and sentence. In a Bench of three or other uneven number, the opinion of the majority shall prevail. When the numbers are even, the Chairman shall have a casting vote.

7. The Chairman shall generally record the evidence and judgment in cases in which a record of evidence and a judgment are necessary; but such duty may, with his consent, be performed by any one of his colleagues.

8. The Bench may hold one or more adjourned sittings, if this be found necessary for the disposal of business, or of part-heard cases; but it shall be open to the Bench, at the close of its regular sittings, either to refer unheard cases back to the Magistrate under whose order of reference they received them, or to postpone them to some other day, as may seem most convenient. Any part-heard case postponed to a further sitting of the Bench may be proceeded with if any member of the Bench has been present at the previous hearing in the case, but subject to the provisions of Section 156 of the Presidency Magistrates' Act.

Any part-heard case may, however, be sent back to the Magistrate under whose order of reference it was received, should it appear unsuited for trial by a Bench. In such cases the Magistrate shall recommence the trial.

## NOTIFICATION.

*The 16th May 1876.*—The following bye-laws, framed by the Municipal Commissioners of Berhampore at a meeting under Section 313, Act V (B.C.) of 1876, having been confirmed by the Lieutenant-Governor under Section 314 thereof, are hereby published for general information :—

*For regulating the disposal of offensive matter, rubbish, and dead bodies of animals.*

1. Every person within whose premises any animal may die shall, within four hours after its death, or, if death occurs at night, within two hours after day-light, either remove at his own expense the carcass to such place as may be set apart by the Commissioners for the reception of such carcass, or report its death to the conservancy overseer of the division within which such premises may be situated; and in such latter case shall pay to the said overseer the expense of removing the carcass at such rate as the Commissioners may determine: and in cases where the said person is not the owner of the animal, and the owner is known, the owner shall alone be responsible for the payment of such expense, and such expense shall be recoverable as a debt due to the Commissioners. No overseer, when called upon, shall neglect to remove a carcass.

Penalty for infringement, Rs. 10.

2. No person shall deposit, or cause to be deposited, any carcass, or any part of a carcass, in any place other than such places as may from time to time be appointed by the Commissioners for the reception of such carcass.

Penalty for infringement, Rs. 10.

*For the regulation and management of privies.*

3. Every owner or occupier of any house, land, or premises, from which offensive matter is not removed by the said owner or occupier, shall give free access to the servants of the Municipality to his house, land, or premises, for the removal of any night-soil or filth within such hours as may have been fixed on by the Municipal Commissioners.

Penalty for infringement, Rs. 5.

4. Every person shall construct his privy above ground, and shall provide his privy or premises with a suitable movable receptacle of metal or earthenware.

Penalty for infringement after notice, Rs. 20.

5. On receipt of a notice from the Municipal Commissioners, every owner or occupier of any house, land, or premises, in or on which any well-privy, or other noxious or improperly constructed privy, may be situated, shall fill up, close, or otherwise alter the construction of the said privy, as may be directed in the notice; and if the orders contained in the notice be not carried out within 15 days, the Commissioners may fill up, close, or otherwise alter the said privy, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

6. No owner or occupier of any house, land, or premises, in or on which any privy may be situated, shall allow night-soil or filth of any kind to flow or be discharged from such privy into any drain, water-course, river, tank, hollow, or excavation (or any place containing waste and stagnant water), or into any other receptacle but one of the nature described in bye-law No. 4.

Penalty for infringement, Rs. 20.

7. No person shall throw, deposit, or discharge any night-soil, sewage, or the contents of any drain, privy, or cess-pool, into any river, tank, khāl, water-course, or receptacle for water, or dispose of the above-mentioned kinds of offensive matter in any other way than as the Municipal Commissioners may from time to time direct.

Penalty for infringement, Rs. 20.

8. The Municipal Commissioners may direct the use of lime, coal-tar, carbolic acid, or other deodorants or disinfectants in any privy or on any premises if at any time it seem to them necessary for the preservation of public health, or for the prevention of infection or the spread of disease: provided that the Municipal Commissioners shall be bound to supply such deodorants or disinfectants at cost price, and the price shall be recoverable from the owner or occupier of such privy or premises as a debt due to the Commissioners.

Penalty for not using deodorants or disinfectants so supplied, a fine which may extend to Rs. 10.

9. No person shall carry night-soil through the streets otherwise than in a closely-covered receptacle, of such description and pattern as shall be required from time to time by the Municipal Commissioners, and between such hours as the Municipal Commissioners may from time to time direct.

Penalty for infringement, a fine which may extend to Rs. 5.

10. Every carriage or cart plying in the streets after one hour after sunset shall carry a light or lights, except when, in the opinion of the Magistrate, there may be sufficient moonlight to render such a light or lights unnecessary.

Penalty for infringement, fine which may extend to Rs. 2.

11. No person shall put, or cause to be put, on any house or other building any spout or other thing intended for the conveyance and discharge of water which shall be so placed that the water discharged therefrom shall be thrown or fall upon any public road or thoroughfare.

Penalty for infringement after notice, a fine which may extend to Rs. 5.

12. It shall be lawful for the Municipal Commissioners to issue a notice to the owner or occupier of any house or building on which there may already be any such spout or other thing intended for the conveyance of water as is described in bye-law 11, directing him to remove or alter such spout or other thing; and if the orders contained in the notice be not carried out within ten days, the Commissioners may remove or alter such spout or other thing in the manner directed in the notice, and any expense incurred in so doing shall be recoverable as a debt due to the Commissioners.

13. No person shall construct or place over any public drain any bridge, platform, building or structure of any kind except by and with the written permission of the Municipal Commissioners, and in such manner as they shall direct; and in the case of such bridges, platforms, buildings and structures now in existence, the Commissioners shall have power to issue a notice to the owner or occupier of any such bridges, platforms, buildings or structures directing such alterations as they may think proper.

Penalty for continued infringement after notice, daily fine which may extend to Rs. 3.

14. If any house, wall, or other erection, or any part thereof, fall upon any public road or thoroughfare, or into any public drain, the owner of such house, wall, or erection shall remove it after notice within the time prescribed by the Municipal Commissioners.

Penalty for infringement after notice, fine which may extend to Rs. 10.

Penalty for continued infringement after notice, daily fine which may extend to Rs. 5.

15. No person shall bury, or cause to be buried, any corpse, or part of a corpse, in any burial ground, in a grave constructed of masonry, in such manner that the top of the coffin, or the body where no coffin is used, shall be at a less depth than five feet from the surface ground.

Penalty for infringement, Rs. 10.

16. No person shall bury, or cause to be buried, in any burial ground, any corpse, or part of a corpse, in a grave not constructed of masonry which shall be less than six feet deep.

Penalty for infringement, Rs. 10.

17. No person shall build or dig, or cause to be built or dug, any grave in any burial ground at a less distance than two feet from any other existing grave.

Penalty for infringement, Rs. 20.

18. No grave once used shall be opened for the burial of another body without the permission of the Commissioners.

Penalty for infringement, Rs. 20.

19. No one shall carry a corpse, or part of a corpse, through any highway, unless it be decently covered and totally concealed from public view.

Penalty for infringement, Rs. 10.

The following orders, issued by the Government of India in the Home Department, are republished for general information:—

No. 424.—*Simla, the 15th May 1877.—Notification.—Establishments.*—The Hon’ble C. Pontifex, a Judge of the High Court of Judicature at Fort William in Bengal, reported his departure from India per steamer *Nepaul*, which was left by the Pilot at sea on the 5th ultimo.

No. 426.—The Hon’ble F. B. Kemp, a Judge of the High Court of Judicature at Fort William in Bengal, reported his departure from India per steamer *Mira*, which was left by the Pilot at sea on the 15th ultimo.

No. 441.—*The 18th May 1877*—Mr. F. G. Millet is permitted to resign Her Majesty’s Bengal Civil Service.

The following orders, issued by the Government of India in the Department of Revenue, Agriculture, and Commerce, are republished for general information:—

No. 6.—*Simla, the 18th May 1877.—Notification.—Commerce and Trade.*—The following notice to Mariners is published for general information:—

### NOTICE TO MARINERS.

#### INDIAN OCEAN, SEYCHELLES, MAHÉ ISLAND.

##### *Exhibition of fixed red lights at Port Victoria.*

Information has been received from Her Britannic Majesty’s Chief Commissioner of the Seychelle Islands that, on the 1st March 1877, a *fixed red* light was exhibited from a lighthouse recently constructed on the north-west edge of the Southern reef at the entrance to Port Victoria.

The light is exhibited at an elevation of 37 feet above the level of high water, visible through an arc of  $142^{\circ}$ ; or, from S.  $1^{\circ}$  E. through south and west, to N.  $39^{\circ}$  W., except where obscured by the outlying islands, and in clear weather should be seen from a distance of 9 miles.

The illuminating apparatus is *catoptric* or by reflectors.

The building is of granite, 42 feet from base to vane, and painted white. Position as given, latitude  $4^{\circ} 36' 48''$  S., longitude  $55^{\circ} 31'$  E.

The same authority has also notified that a *fixed red* light is shown towards the anchorage in the Inner harbour at Port Victoria.

*Directions.*—A vessel entering St. Anne’s road at night when about 3 cables distant from the north-west point of St. Anne’s Island should steer S. W., observing to keep the lighthouse between the bearings of S. W. by W. and S. W. by W.  $\frac{1}{4}$  W., until the south

point of St. Anne's Island bears E. S. E.; thence a S. W.  $\frac{1}{2}$  S. course to the anchorage, with the light bearing from W. by S.  $\frac{3}{4}$  S. to W. by S. At this position the channel into the Inner harbour will be open, but at night should never be attempted by strangers without the aid of a Pilot.

At the entrance to the Port moorings are laid N.  $55^{\circ}$  E.  $3\frac{1}{2}$  cables from the lighthouse for the steamers of the Messageries Maritimes, with an iron buoy, painted red, to support the bridles. Caution therefore is necessary in anchoring near the vicinity of this buoy, which should have a berth of half a cable to avoid fouling the moorings, the anchors of which are placed nearly east and west.

[All Bearings are Magnetic. Variation  $4^{\circ} 40'$  W.]

CALCUTTA, the 26th August 1876:

## The Indian Law Reports.

*Published under Authority.*

THE first Part of the "Indian Law Reports," published under the authority of the Governor-General in Council, will appear as soon after the 1st January 1876 as can be arranged for. The Reports will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

*Terms of Subscription, payable annually in advance.*

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
Madras Series ...	" 8	" 9
Bombay Series...	" 8	" 9
Allahabad Series ...	" 8	" 9
Complete set ...	45	50

The Price of each part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

	Rs. A.
For a part of the Calcutta Series ...	3 8
" " Madras Series ...	1 0
" " Bombay Series ...	1 0
" " Allahabad Series ...	1 0
Complete set ...	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

Messrs. Thacker, Spink and Co., Calcutta;  
 " Thacker, Vining and Co.,  
 " Higginbotham and Co., Madras;  
 The Government Central Book Depot, Bombay;  
 The Government Book Depot, Allahabad.

The publication of the Bengal Law Reports and the Madras, Bombay, and N. W. P. High Court Reports will cease on the completion of the volumes now in course of publication.

Subscribers to the Bengal Law Reports, who have already paid their subscriptions to the end of June 1876, will be supplied with the complete set of Reports for the first half of 1876 in lieu of the volume of the Bengal Law Reports which they would otherwise have received.

## PART III.

### Act of the Bengal Council.

GOVERNMENT OF BENGAL.

#### LEGISLATIVE DEPARTMENT.

[First Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 11th May 1877, and having been assented to by the Governor-General on the 28th May 1877, is hereby published for general information :—

ACT No. II OF 1877.

*An Act to provide for the levy of a cess for the construction, charges, and maintenance of Provincial Public Works.*

WHEREAS it is expedient to empower the Lieutenant-Governor of Bengal to levy a cess on immovable property, and to apply the proceeds of the same to the construction, charges, and maintenance of Provincial Public Works; It is enacted as follows :—

1. This Act may be called “the Provincial Public Works Act, 1877.”

Short Title.

It shall extend to all the districts or parts of districts in which the District Road Cess Act, 1871, is, or may from time to time be, in force. But the Lieutenant-Governor, by notification in the *Calcutta Gazette*, may exempt any district, or sub-division of a district, or any estate or tenure, from the operation of this Act, and may at any time, by a similar notification, cancel such exemption.

Extent.

It shall come into force from the date on which it may be published in the *Calcutta Gazette* with the assent of the Governor-General.

Commencement.

2. From and after the commencement of this Act, all immovable property situated within the districts or parts of districts in which this Act is, or may from time to time be, in force shall be liable to the payment of a cess (hereinafter called “the public works cess”), to be applied to the construction, charges, and maintenance of provincial public works, and such cess shall be recoverable from the several owners and occupiers of such property as hereinafter provided.

3. All valuations of immovable property which have been, or may from time to time be, determined under Parts II, III and IV of the District Road Cess Act, 1871, shall be deemed to be valuations of immovable property for the purposes of this Act.

Valuations under District Road Cess Act to be valuations for purposes of this Act.

4. The Lieutenant-Governor shall, by an order published in the *Calcutta Gazette*, from year to year determine the rate at which the public works cess shall be leviable in each district, and the date from which it shall take effect; such rate shall not exceed one half of an anna in the rupee of the annual value of the lands in such district.

Lieutenant-Governor to determine the rate of cess.

5. All holders of estates or tenures and cultivating ryots shall pay the public works cess at the rate determined under the last preceding section, and in the manner and

Mode of payment of cess.

the proportions prescribed for the payment of the road cess by section twenty-one of the said District Road Cess Act; and the provisions of sections twenty-two, twenty-three, twenty-four, twenty-five, twenty-six, and twenty-seven of the said Act shall apply to the public works cess.

6. Every mine, quarry, tramway, railway, or other immoveable property, Cess on mines, quarries, railways, &c. not included within the provisions of Part II and Part IV of the said District Road Cess Act, shall be liable to the payment of the public works cess at the rate determined under section four of this Act, and in the manner and subject to the limitations prescribed for the payment of the road cess by section twenty-eight of the said District Road Cess Act; and the provisions of sections thirty-six and thirty-seven of the said Act shall apply to the public works cess.

The notices required to be served under sections twenty-two and thirty-six of the said District Road Cess Act may also include the amount of public works cess payable under this Act.

7. All houses of any of the classes mentioned Cess on houses. in Schedule (E) annexed to the said District Road Cess Act shall, save as is provided in section forty of the said Act, be liable to the payment of the public works cess at the rates specified in the said schedule, and in the manner prescribed for the payment of the road cess by section thirty-nine of the said District Road Cess Act; and the provisions of sections forty-five, forty-six, forty-seven, and forty-eight of the said Act shall apply to the public works cess.

8. The proceeds of the public works cess shall be paid into the public treasury, and shall be applied to the construction, charges, and maintenance of provincial public works in such manner as the Lieutenant-Governor may direct. Accounts of the moneys received and expended under the provisions of this Act shall be kept in such form as the Lieutenant-Governor may prescribe, and a statement showing the receipts, expenditure, and balance of the public works cess shall be published annually in the *Calcutta Gazette*.  
Application of proceeds and keeping of accounts.

9. In this Act the words and expressions "house," "estate," "tenure," "district," "immoveable property," "holder of an estate or tenure," "cultivating ryot," and "annual value of land" shall have the meanings attributed to them respectively in the said District Road Cess Act.  
Interpretation clause.

10. The Lieutenant-Governor shall have power to declare by notification in the *Calcutta Gazette*, what works are to be deemed provincial public works for the purposes of this Act, and shall have the same powers to make rules for the purposes of this Act as are conferred by section ninety-seven of the said District Road Cess Act.  
Lieutenant-Governor may declare what are provincial public works, and may make rules.

#### PROVINCIAL PUBLIC WORKS CESS.

THE HON'BLE MR. REYNOLDS presented the report of the Select Committee on the Bill to provide for the levy of a cess for the construction and maintenance of provincial public works. It was not necessary for him to make any lengthy remarks on the subject, as the Committee had made hardly any

changes in the Bill, and such as had been made were of no great importance. It had been provided that the notices served under the Road Cess Act might also include notice of the amount due on account of the public works cess. This amendment was intended merely to promote convenience and to save expense. The two cesses would, however, be kept separate and be specified separately in the notice. But as both the cesses were payable in the same instalments and on the same dates, there was no necessity for the issue of separate notices. The Bill also provided for the publication of an annual statement of accounts, and conferred on the Lieutenant-Governor the same power to make rules as was conferred by the Road Cess Act. These were all the amendments that had been made by the Select Committee, with the exception of one or two verbal alterations. In the preamble of the Bill the word "charges" was inserted in addition to the words "construction and maintenance." It had since been suggested to him that there might be a doubt whether that would be sufficient to cover the charges for interest. The word was inserted with the express object of covering those charges, and it appeared to MR. REYNOLDS that it would be sufficient to include the charge for interest. He would now move that the report of the Select Committee be taken into consideration in order to the settlement of the clauses of the Bill, and that the clauses of the Bill be considered for settlement in the form recommended by the Select Committee.

The HON'BLE BABOO KRISTODAS PAL said that, before the Council proceeded to take the report of the Select Committee into consideration, he wished to make one remark. The object of the Bill was to enable the local Government to raise sufficient funds for meeting the liabilities which had been thrown upon it by the Government of India. The amount which the local Government was required to raise was Rs. 27,50,000. But from information which he had received from the mofussil from well-informed persons, it appeared that the new Land Registration Act which had been lately put into force was likely to bring in a large amount of stamp revenue; it was estimated by competent persons that the increase of stamp revenue might amount to Rs. 50,00,000. He was not in a position to say whether that estimate was correct; but if the Government got a good windfall, it was worthy of consideration whether it was necessary to impose the new tax this year. The stamp revenue derivable on registration was sure; applications must be made by landlords, and as a large number of powers of attorney must be executed, a large accession of revenue might be thus looked forward to. His object in drawing attention to the subject was that as the stamp revenue had under recent orders been made over to the local Government, the increase would go to that Government, and if it should obviate the necessity of additional taxation this year, the Council would gain time, and would be better able to adapt the scheme of taxation to the views, feelings, and wishes of the people. He did not say that this windfall would obviate the necessity of taxation altogether, but it would give time to the Council to consider the most suitable form of taxation. He did not intend to make any motion, but merely threw out this suggestion for the consideration of the Council.

HIS HONOR THE PRESIDENT said that, with reference to the remarks of his hon'ble friend, he must say that he was not prepared to withdraw the present Bill upon the very vague statement that there was something being done which might bring in an increase of the stamp revenue. He had no doubt that the working of the Land Registration Act would have some effect upon the stamp revenue, but what the result would be nobody could say, or what amount would be collected under that Act in the different districts. Therefore he thought that on anything so vague he should not, after accepting the responsibility he had incurred in regard to providing the interest on the capital expended in extraordinary public works, be justified in setting aside the Bill before the Council on an estimate of possible receipts under the Land Registration Act. If there was any unexpected income of money under that head, it would stand to the good of the province and might possibly go towards the reduction of taxation in the coming year.

The motion was then agreed to.

Section 1 empowered the Lieutenant-Governor to exempt any district or estate from the operation of the Act. On the motion of the HON'BLE

MR. REYNOLDS the words "and may at any time, by a similar notification, cancel such exemption" were added to paragraph 2. It seemed necessary to provide for a possible cancellation of an order of exemption.

The HON'BLE MR. REYNOLDS withdrew the amendment to section 8 of which notice had been given.

The HON'BLE NAWAB MEER MAHOMED ALI said that under the Road Cess Act the cess was recoverable by sale of the moveable property of the defaulter. It was difficult to conceive why the mode of realization under the present Bill should be different. Arrears of income tax or license tax were realized from the defaulter by civil suit, and in such cases a sum of double the amount due was levied by way of penalty, and realized by sale of the moveable property of the defaulter. But section 8 of the Bill was more stringent than all the former Acts that had been passed. No difficulty had, he believed, been experienced by Government in realizing any tax that had been imposed upon the people; he was at a loss therefore to know why such a stringent provision had been adopted in this Bill, especially when it was considered how submissive and law-abiding the people of Bengal were reputed to be. He thought an arrear of revenue and an arrear of tax should not be realized in the same way. He would therefore, with His Honor's permission, move as an amendment in section 8 the substitution of the words "section 23 of Act X of 1871" in lieu of all the words after the word "demand" in line five.

The HON'BLE MR. REYNOLDS said that this section was unanimously agreed to in Select Committee. He thought his hon'ble friend was under a misapprehension as to the effect of the section. It was not proposed to recover arrears under the Sale Law, but under the certificate procedure of Bengal Act VII (B.C.) of 1868, which was a more convenient mode of recovery than the procedure prescribed in section 23 of the Road Cess Act. The procedure of Act VII of 1868 was not one of unusual stringency, as the same procedure applied to the Butwara Law, the Embankment Law, and the Irrigation Law, and several other public demands were also made recoverable under that procedure. He might also mention that the Board of Revenue had represented that the procedure prescribed by the Road Cess Act was cumbrous and inconvenient, and had suggested its amendment, and therefore there was no necessity to retain in any new measure a procedure which had been found to be inconvenient.

The HON'BLE NAWAB MEER MAHOMED ALI observed that these cesses were generally realizable from the zemindar, and it would be sufficient to make them recoverable by attachment and sale of moveable property, as a zemindar would immediately pay up the amount of cess to preserve his position and honor and dignity. As he had said before, the people of Bengal were more submissive and obedient to the law than the people of any other part of the country, and he thought some special consideration should be shown to them.

The HON'BLE MR. REYNOLDS said he thought that the wishes of his hon'ble friend would be met if in section 5 of the Bill the figures "23" were inserted between the figures "22" and "24," and if section 8 were omitted altogether. It did not appear to him to be advantageous to maintain the road cess procedure, but perhaps it was desirable to observe the same procedure for both cesses for the present; and in the event of the Road Cess Act being amended hereafter, the certificate procedure under Act VII of 1868 might be made applicable to the collection of both cesses. He would move the amendments to which he had referred.

The HON'BLE MR. REYNOLDS' amendments were put and agreed to.

#### RATE UPON IRRIGABLE LANDS.

THE HON'BLE MR. RAVENSHAW said that the Select Committee on the Irrigation Cess Bill had found it impossible to submit their report within the time prescribed. He would therefore move for an extension of two weeks' time, and that the HON'BLE MR. BELL be substituted in the Select Committee for the HON'BLE MR. BAYLEY, who would shortly leave the Presidency in attendance upon His Honor the Lieutenant-Governor.

The motion was put and agreed to.

The Council then adjourned to Saturday next, the 5th May.

## RESOLUTION ON THE BUDGET ESTIMATES OF THE CALCUTTA PORT COMMISSIONERS FOR THE YEAR 1877-78.

GENERAL DEPARTMENT.—MARINE—CALCUTTA PORT TRUST.

*Calcutta, the 25th April 1877.*

### READ—

Letter No. 3629 of 15th March 1877, from the Vice-Chairman to the Port Commissioners, submitting the Budget Estimates of the Port of Calcutta for the year 1877-78.

### Read again—

Letter No. 72 of 6th April 1877, from the Vice-Chairman to the Port Commissioners, pointing out that by a clerical error the salary of the Superintendent of Inland Vessels' Wharves has been calculated at Rs. 350, instead of Rs. 400 per mensem, in estimate No. 14 (page 16 of the Budget Estimates).

### Read also—

Letter No. 976 of 5th April 1877, from this Government to the Port Commissioners, calling for the detailed estimates of receipts and expenditure and opening balance of the Capital account, and for a statement of ways and means of that account.

Letter No. 129, dated 12th April 1877, from the Vice-Chairman, Port Commissioners, submitting the above information.

The estimates have been drawn up in the same form as last year, and are composed of the following parts:—

- Part I.—Jetties.
- Part II.—Inland Vessels' Wharves.
- Part III.—Strand Bank Lands.
- Part IV.—Port or River Division.
- Part V.—New works.

The first four parts compose the Revenue account, and the fifth the Capital account.

2. The appendices to the estimates give details of the establishment and charges which are distributed over the several parts. This distribution has been made in the same proportions as were adopted in the estimates for the year just ended.

3. *Appendix A.*—The expenditure on account of control establishments has been estimated at Rs. 1,02,454 in 1877-78 against Rs. 97,518 in 1876-77, being an increase of Rs. 4,936. The excess is due to the payment of additional fees to Commissioners for attending Sub-Committee meetings, to increase of establishment in the Correspondence, Accounts, and Store Departments, and to the Workshop establishment, which had hitherto been charged direct to works, being now included in this appendix, and to increases in the salaries of the Superintendent and Assistant Superintendent of Machinery.

*Appendix B.*—The estimated cost of establishment, of working expenses, and of repairs to the dredger has exceeded that of last year by Rs. 4,280. The increase is owing to provision being made for the employment of an additional gunner for the Hopper Barges, to the increase in the salary of the present gunner, and to the increased provision for repairs. An estimate of receipts for towing vessels by the Hopper Barges has been added to this appendix, calculated on the actual amount recovered in five months of the year just closed. Deducting these receipts (Rs. 20,000) from the estimated expenditure, the total cost of dredging during 1877-78 is reckoned to be Rs. 16,986 as against Rs. 32,706 in 1876-77.

Appendices C, D, E, and F call for no special remarks.

4. In the estimates numbered 1 to 42 are given the details of income and expenditure of each of the four parts, viz:—

- 1 to 11. Details of Jetties, Part I.
- 12 to 19. Details of Inland Wharves, Part II.
- 20 to 25. Details of Strand Bank Lands, Part III.
- 26 to 42. Details of Port or River Division, Part IV.

5. The following are the noticeable points in connection with the detailed estimates:—

### *Receipts from Jetties. Estimate No. 1.*

(1). The receipts from imports are reckoned at Rs. 5,03,556, and those from exports at Rs. 86,280, making a total of Rs. 5,89,836. This total, as

compared with that of the previous year, shows an increase of Rs. 47,836 in both the sources of income under this head, which is satisfactory.

*Salaries of Jetty Establishments. Estimate No. 4.*

(2). This estimate exceeds that of last year by Rs. 13,559. The excess is owing partly to provision being made for the permanent employment of an Additional Deputy Superintendent and of a Time-keeper under the head "Jetty Office," and partly to increases in establishments under the heads "First grade tallymen," "Sorters," "Gunners," "Import Warehouse" "Gate officers," "Baggage Warehouse," "Export Sheds," and "Crane Establishment."

*Establishment for 30-ton Crane. Estimate No. 5.*

(3). Rs. 5,808 have been estimated as the cost of the establishment which it will be necessary to employ when the crane is completed. It is considered that the provision made will be ample for the purpose, but until some experience has been gained in the working of the vessel, it will not be possible to form an exact estimate of her requirements.

*Working expenses of Jetties. Estimate No. 6.*

(4). The estimate under this head is Rs. 65,656 against Rs. 59,284 in 1876-77. The increase (Rs. 6,372) is due to the provision for coolie labour for exports being increased by Rs. 2,772, and that for steam and hydraulic cranes being increased by Rs. 3,600.

*Renewal of Rolling Stock. Estimate No. 7.*

(5). Rs. 7,000 have been provided for replacing a number of worn out trollies and hand trucks by new ones. As this stock will not go towards increasing the block, the charge incurred in its purchase is debited to revenue.

*Municipal Taxes on Jetty Enclosures. Estimate No. 8.*

(6). The municipal tax will amount to Rs. 31,602 against Rs. 33,640 in 1876-77. The decrease of Rs. 2,038 is due to the reduction of  $\frac{1}{2}$  per cent. in the house and police rates.

*New works to be met from Jetty Revenue. Estimate No. 10.*

(7). The sum to be transferred from Revenue to the Capital account for new works will amount to Rs. 87,890 against Rs. 1,06,500 in 1876-77. Of this sum, Rs. 72,890 will be required for the extension of the jetty heads, and for providing additional shed accommodation at the jetties, and the remaining Rs. 15,000 will be required for converting Mullick's Ghât into quarters for the Jetty Police.

*Receipts from Inland Vessels' Wharves. Estimate No. 12.*

(8). It is estimated that the receipts from Inland Wharves will give an increase of Rs. 44,000 in 1877-78 as compared with the preceding year. The estimate is based upon the actual receipts of the first ten months of 1876-77.

*Receipts from Tramway. Estimate No. 13.*

(9). The receipts under this head are estimated at Rs. 36,000. This estimate is based upon an average monthly income of Rs. 3,000, but it is deemed probable that, when the tramway which commenced working from January last gets into full work, the figures given in this estimate will be considerably exceeded.

*Salaries. Inland Vessels' Wharves. Estimate No. 14.*

(10). The estimate for salaries shows a decrease of Rs. 3,912, viz. from Rs. 51,780 in 1876-77 to Rs. 47,868 in 1877-78. The decrease is owing to reductions in establishments employed at the Inland Wharves.

*Tramway Establishment. Estimate No. 15.*

(11). The cost of the establishment which it is considered will be required when the entire line of tramway is opened is estimated at Rs. 14,928. But the cost of the present establishment is Rs. 774 per mensem, or Rs. 9,288 per annum.

*Tramway Working Expenses and Repairs. Estimate No. 17.*

(12). Rs. 15,750 are reckoned as the cost of working expenses and repairs to the line of tramway.

*New works from Revenue of Inland Vessels' Wharves. Estimate No. 19.*

(13). Three sums are to be transferred from Revenue to the Capital account for new works, viz. a sum of Rs. 53,593 for completion of new road north of Aheerettollah Ghât, a sum of Rs. 52,000 for pitching slope in front of Mint, and Rs. 25,000 for metalling the Inland Vessels' Wharf; the total amount being Rs. 1,30,593 against Rs. 73,500 in 1876-77.

*Strand Bank Rents. Estimate No. 20.*

(14). The receipts estimated at Rs. 1,22,794 show an increase of Rs. 18,000 as compared with the previous year. This estimate is based upon the actual receipts from the monthly rental of the Strand Bank lands.

*Repairs and Improvements, Strand Bank Lands. Estimate No. 21.*

(15). There is an increase of Rs. 13,600 as compared with the estimate for 1876-77, owing partly to the provision of Rs. 10,000 for widening roads and constructing foot-paths and drains, and partly to the provision of Rs. 3,600 for raising low lands.

*Salaries. Strand Bank Lands. Estimate No. 22.*

(16). The estimate, Rs. 2,032, shows an increase of Rs. 636 as compared with the preceding year. The increase is due to the horse allowance of Rs. 30 per mensem made to the rent collector, to the entertainment of a monthly writer on Rs. 20, and to the raising of the head peon's pay from Rs. 9 to 12 per mensem.

*Municipal Taxes on Strand Bank Lands. Estimate No. 23.*

(17). The decrease of Rs. 457 in the amount of the municipal taxes is owing to the reduction of half per cent. in the house and water rates.

*Receipts from Mooring Hire. Estimate No. 26.*

(18). The receipts estimated at Rs. 2,15,000 show an increase of Rs. 3,000 as compared with the previous year. The estimate is based upon the actual receipts of 1875-76, and not of 1876-77, as during the latter year the receipts increased considerably, owing to the additional tonnage employed in the conveyance of rice from Calcutta to Madras.

*Receipts from Harbour Master's Department. Estimate No. 27.*

(19). The collections from the Harbour Master's Department have been reckoned at Rs. 1,40,000 against Rs. 1,35,000 in 1876-77. The estimate under this head is also based upon the actual receipts of 1875-76, and not of 1876-77, as the earnings during the latter year were very materially augmented by the frequent entry and departure of steamers engaged in carrying rice from Calcutta to Madras.

*Moyapore Magazine. Estimate No. 29.*

(20). An income of Rs. 6,000 is estimated, being a decrease of Rs. 1,500 as compared with the estimate (Rs. 7,500) for the year 1876-77.

*Interest of Government Securities. Estimate No. 31.*

(21). There will be an increased income of Rs. 1,840 over the estimate (Rs. 21,110) for the year 1876-77.

*Fines for Breach of Port Rules. Estimate No. 34.*

(22). The receipts are estimated at Rs. 1,000, showing an increase of Rs. 600 as compared with 1876-77. The estimate is based upon the actual receipts of the past year.

*River Police Establishment. Estimate No. 35.*

(23). There is an increase of Rs. 540 in the cost of establishment as compared with the estimate for 1876-77, owing to the pay of the Superintendent of River Police having been increased by Rs. 60 per mensem, or Rs. 720 a year. Of this sum (Rs. 720), one-fourth (Rs. 180) is borne by Government, and three-fourths (Rs. 540) are defrayed by the Port Commissioners.

*Salaries of Port Works Establishment. Estimate No. 40.*

(24). The estimate for establishments employed on port works shows an increase of Rs. 144, which is due to annual increments of pay under the head "Port Pilotage Collecting Department," but this increase is reduced by Rs. 48 by a revision of establishment under the head "Steam Launches Vectis and Phillis." The total increase therefore is Rs. 96.

*Pensions and Gratuities. Estimate No. 42.*

(25). The estimate under this head shows an increased expenditure of Rs. 238 as compared with the previous year.

*Probable balance on the 1st April 1877. Estimates Nos. 43-46.*

The Commissioners propose to expend all the receipts of the Capital account on new works, so that there will not be any balance at the close of the year 1877-78.

6. In accordance with the provisions of section 50, Act V (B.C.) of 1870, the Lieutenant-Governor approves the estimates of income and expenditure of the Port Commissioners for the year 1877-78, and again congratulates the Port Commissioners on the benefits which they have conferred on the port by their administration. His thanks are specially due to the Chairman and Vice-Chairman for their careful and efficient discharge of their duties.

By order of the Lieutenant-Governor of Bengal,

H. J. REYNOLDS,

*Offg. Secy. to the Govt. of Bengal.*

## Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 28th April 1877.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
<b>BENGAL.</b>			
<i>Western Districts.</i>			
BURDWAN DIVN.	1 Burdwan, Apl 30* '77	Nil	The crops now on the ground, namely cotton, <i>til</i> , and sugarcane, are doing well. Public health is fair.
	2 Bankoora, „ 28 „	Nil	Weather—Dry and hot. The state and prospect of the crops are as favourable as before.
	3 Serbhoom, „ 28 „	Nil	Weather—Very hot, but quite seasonable. The state and prospects of the crops continue good.
	4 Midnapore, „ 28 „	Nil	Weather—Very dry and hot. Most of the first ploughings are over, and prospects are promising.
	5 Hooghly, „ 28 „	Nil	Weather—Very warm and close. Lands are still being prepared for the rice sowings. The cuttings of sugarcane are being planted, and those already planted are doing well. Vegetables are in good condition. Cholera is still prevalent, and cattle disease has broken out in many places.
	Howrah, „ 28 „	Nil	Weather—Seasonably hot. No crops on the ground.
<i>Central Districts.</i>			
PRESIDENCY DIVN.	6 24-Pergunnahs, Apl. 30,† '77	Nil	Weather—Seasonable. No crops on the ground. The public health in general is good.
	7 Nuddes, „ 28 „	Nil	Weather—Very hot and dry. Rain is now required for the early rice crop. Sowings still continue. Cholera has appeared in several parts of the district.
	8 Jessore, „ 28 „	12	Weather—Hot and dry. The continued drought is enabling the ryots to plough and sow the low lands that were flooded by the previous rain. It has, on the other hand, not been favorable to the rice in the higher lands, and has been somewhat injurious to indigo. The prospects, however, are generally good.
RAJSHAHYE AND COOCH BEHAR DIVN.	9 Moorshedabad, „ 28 „	Nil	Weather—Hot. The condition of <i>boro</i> rice is good, and the cultivation of <i>aman</i> and <i>dhadoi</i> crops is going on favourably. Prices are steady. Cholera in a spermatic form is still reported.
	10 Dinagepore, „ 27 „	Nil	Weather—Getting warm. Wind from the west. <i>Bhadoi</i> or early rice, <i>kaon</i> millet, jute, and sugarcane are above the ground. Ploughing for the late rice is being pushed on. A good deal of cholera exists in the district.
	11 Rajshahye, „ 28 „	Nil	Weather—Very hot and sultry till Friday evening when a strong breeze sprung up from the south-east and reduced the temperature, but no rain fell. Rice is being sown, and indigo is promising, but rain is much needed.
	12 Rungpore, „ 27 „	Nil	Weather—Very warm and dry. The early rice is looking well. The state and prospects of other crops are satisfactory. Small-pox is reported to have broken out in Chilmarī and Bhowanigunge.
	13 Bogra, „ 28 „	Nil	Weather—Dry and clear. No rain, and intense heat. The sowings of jute, <i>sons</i> and <i>boona</i> rice, and <i>til</i> , are still being carried on. The plantation of sugarcane has now been completed.
	14 Pubna, „ 28 „	1.45	Weather—Very hot till the noon of the 27th April, when a cyclonic storm of short duration, but of great violence, passed over the station. The state and prospects of the crops continue to be good. A native doctor has been sent to treat cases of cholera at Shazadpore.
	15 Darjeeling, „ 27 „	1.52	Rain fell heavily on the 25th and 26th April, and a good deal of hail with strong winds, thunder, and lightning. The sky is still very threatening. The young crops of Indian-corn, rice, <i>murica</i> millet, and potatoes in the hills are doing well. The sowings of early rice in the plains are progressing.
	16 Julpigorey, „ 28 „	Nil	Weather—The days are very hot, but the nights are still cool. State and prospects of the crops are satisfactory. The early rice sowings are nearly complete.
	Cooch Behar, „ 26 „	Nil	Weather—Fair, sunny, and hot. No rain this week. The cultivation of <i>bitri dhaw</i> is going on steadily, and the weather is very favourable. <i>Ching</i> and <i>kaon</i> also look well. Public health is good, but fever appears to be prevalent, and in Mathabhangā there is still small-pox.

\* Telegram of the 30th April shows rainfall during the seven days immediately preceding.

† Report of the 30th April shows rainfall during the seven days immediately preceding.

BENGAL.—(Continued.)			
<i>Eastern Districts.</i>			
DACCA DIV.	17 Dacca, Apl. 30* '77	·23	Weather—Warm and sunny. The state of the crops is favourable <i>Boro dhan</i> , or spring rice, is being cut. Cholera is prevalent in parts of the district.
	18 Furreedpore, „ 29 „	·64	Weather—Unsettled. There was a high wind followed by rain on the 27th April. The rainfall at Goulundo has been 2·15 inches. The cultivation of land for the rice crops is in progress, and the prospects will be good with no more rain for the present.
	19 Backergunge, „ 26 „	·66	Showers are reported to have fallen in the interior of the district, but generally the weather during the week has been hot and more seasonable, with a south-west wind blowing. From four thanas the crops are reported injured by the late heavy rain, but in other parts of the district they are good. Cholera in a sporadic form and fever prevail throughout the district, with the exception of four thanas. The health of the cattle is good.
	20 Mymensingh, „ 27 „	·36	Weather—Sunny, with hot winds during the daytime. Storm and rain on the 27th April. The sowings of <i>aus</i> rice and jute are still in progress. <i>Boro</i> rice has been cut, and the yield has been generally good, except in a few places where damage was done by hail-storms.
	21 Tipperah, „ 27 „	2·25	The weather is unusual, and there is a good deal of hail and rain. There will be difficulty in sowing the <i>aus</i> crop in the low lands, which are much water-logged in many places.
CHITTAGONG DIV.	22 Chittagong, „ 26 „	1·09	Weather—Hot and close. The prospects of <i>pania aus</i> are good. The rain will facilitate the sowing of other <i>aus</i> crops. Cholera is still prevalent in the south of the district, and small-pox is reported from head-quarters.
	23 Noakholly, „ 26 „	·35	Weather—Very hot during the week. Slight rain fell on the 21st April. Pulses, chilies, &c., are doing well, and some are being gathered. The cultivation for the rice crops is now going on. Prospects are better. Cholera still prevails in thanas Begumgunge and Fenny.
	24 Chittagong Hill Tracts, „ 24 „	·5	Weather—Very hot at daytime throughout the week. Cloudy in the evenings of the 20th, 21st, and 22nd April. The hill people are engaged in burning their <i>jooms</i> .
	Hill Tipperah, „ 25 „	·67	Weather—Hot and occasionally cloudy. The state and prospects of the crops are good.
BEHAR.			
PATNA DIV.	25 Patna, Apl. 30* '77	Nil	Weather—Seasonable. The harvesting of the <i>rubbee</i> crops is well nigh completed. Health of the district is generally good.
	26 Gya, „ 28 „	Nil	The sky was more cloudy than is usual at this time of the year. The maximum reading of the thermometer in the shade was 104·8°. The harvesting of the <i>rubbee</i> crops is still going on in parts of the district. Cholera threatens Gya Town. It originated in an encampment of opium assamese outside the town.
	27 Shahabad, „ 28 „	Nil	Weather—Stifling and cloudy. Hot westerly winds generally prevailing. The <i>rubbee</i> harvest is being threshed. Sugarcane is mostly planted.
	28 Durbhunga, „ 28 „	Nil	Weather—Seasonable. East winds blowing. The <i>rubbee</i> crops have been all harvested.
	29 Mozufferpore, „ 28 „	Nil	Weather—Seasonably hot with west wind. The prospects of the crops are satisfactory, but rain is wanted for indigo. Ploughing for the <i>bhadai</i> crops is going on. With the exception of small-pox at Shewhur, the general health is good.
	30 Sarun, „ 28 „	·03	Weather—Dry and hot. Strong west wind in the afternoons. No changes since last report. Indigo and <i>cheena</i> are doing well. The early rice is being sown, and sugarcane is being planted. General health is good.
BAGULPORE DIV.	31 Chumparun, „ 28 „	Nil	Weather—Clear and seasonable. The harvesting of the <i>rubbee</i> crops still continues. Prospects are very good.
	32 Monghyr, „ 28 „	Nil	Weather—Hot winds in the day; cool at night. The outturn of the <i>rubbee</i> crops is satisfactory.
	33 Bhagulpore, „ 30* „	Nil	Weather—Seasonable. The sowings of the early rice have begun in the north. The only other crop on the ground is sugarcane, which is at present good. Cholera is spreading, and is still bad in the town.
	34 Purneah, „ 28 „	Nil	Weather—Hot and seasonable. Wind mostly from the west. The rice sowings are going on favourably, and indigo promises well. Cholera is reported all along the east of the district.
	35 Maldah, „ 28 „	Nil	Weather—Fair and very hot, with occasional violent winds in the day. The crops are as good as before. 179 deaths from cholera reported.
	36 Sonthal Pergas, „ 29 „	Nil	Weather—Hot, but cloudy. No crops to report on.

\* Telegram of the 30th April shows rainfall during the seven days immediately preceding.

No.	District, and date of return.	Rainfall, at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
<b>ORISSA.</b>			
ORISSA DIVN.	37 Cuttack, Apl. 28 '77	1.21	Weather—Generally very hot and dry. Heavy thunder-storm at head-quarters on the 27th April. The sowings of early rice are beginning. Prospects are generally good.
	38 Pooree, „ 26 „	Nil	Weather—Cool up to 8 o'clock in the morning; days are very hot. The harvesting of the <i>dalum</i> crop still continues. The state of the crops in general is fair. Rice is a little cheaper. The public health is good.
	39 Balasore, „ 27 „	Nil	Weather—Very hot with strong sun. Ploughing and manuring continue. Many deaths from cholera still occur both at head-quarters and in the interior of the district.

**CHOTA NAGPORE.***South-West Frontier Agency.*

40	Hazareebagh, Apl. 27 '77	Nil	Weather—Seasonable. There are no crops to be reported on. A few cases of cholera and small-pox reported in the interior.
41	Lohardugga, „ 28 „	5.5	The heat has been unseasonably moderated by storms. The <i>rubbee</i> harvest has been completed. It was probably not equal to an average crop. The <i>mohwa</i> crop is short. It is being gathered. General health is good.
42	Singhoom, „ 27 „	Nil	Weather—Seasonable. No crops to report about. A fire broke out at Chyebassa on Sunday, the 22nd April, which destroyed 97 huts and some property, but no distress is anticipated. The district is healthy.
43	Manbhoom, „ 28 „	Nil	Weather—More seasonable as to heat, but somewhat unusually clouded. Nothing new to report. <i>Boro dhan</i> and cotton are good. Sugarcane is mostly planted.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h. and 22h. The maximum and minimum temperatures from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modification of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the raingauge is one foot above the ground.

*Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different District of Bengal, as reported to Government during the week ending the 19th May 1877.*

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BENGAL.			
Western Districts.			
1	Burdwan, May 21* 77	1.87	The rainfall at Culna has been 68 of an inch, at Bood-bood 12 of an inch, and at Jehanabad 1.27 inches. The <i>chota bursat</i> has set in. The sowing of <i>aus</i> paddy has begun. Public health is fair.
2	Bankoorn, " 19 "	.78	Weather—Cloudy and threatening up to 18th instant, when there was a fall of about three-fourths of an inch. There is every prospect of more rain. The rain has benefited the indigo crop, and will enable the cultivators to commence ploughing.
3	Beerbhoom, " 19 "	.64	Weather—Windy, and with a threatening sky. There was a fair fall of rain on the 18th instant. The state and prospects of the crops continue good.
4	Midnapore, " 19 "	2.45	Weather—Normal up to 17th instant, when heavy rain coming from the south-east set in as if the rains had commenced. Fine again on the 19th. The rain will be beneficial. The sowings of autumn rice will now be carried on everywhere. The spring sowings of indigo are very good.
5	Hooghly, " 19 "	.90	Weather—Cooler than last week. Cloudy, with rain since 18th instant. The rain will prove very beneficial. The sowings of early rice, jute, and ginger, are going on. Early rice has germinated at places. Cholera has abated. Cattle disease is still prevalent in the Pandooah station.
	Howrah, " 19 "	.47	Weather—Cloudy. The recent rain will help the cultivators for ploughing their lands.

\* Telegram of the 21st May shows rainfall during the seven days immediately preceding.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.

<i>Central Districts.</i>			
PASCHIMCHY DIV.	6 24-Petgunnaba, May 21* 77	2 71	Weather—Unsteady; great heat followed by heavy showers. The sowings of <i>amun</i> , or early rice, and jute are progressing favorably. Public health is generally fair.
	7 Naddea, „ 19 „	70	The rain has been general, and was urgently required. The crops promise fairly well.
	8 Jessore, „ 19 „	1 75	Weather—Changeful. Spring rice is still being harvested. The sowings of autumn rice and indigo are completed in the north, but are still going on in the centre and south of the district. All prospects are favorable. The land is being prepared for the winter rice crop.
	9 Moorshedabad, „ 19 „	16	Weather—Hot and occasionally cloudy. <i>Boro dhan</i> is ripe and is being cut. Land is being prepared for the winter rice. <i>Bhadoi</i> crops are in places beginning to require rain. Cholera prevails in the east of the district.
RAJSHAHY AND COOCH BEHAR DIV.	10 Dinagepore, „ 18 „	03	The rainfall of the week, though very little, is sufficient. <i>Bhadoi</i> and other crops are doing well. Ploughing for the winter rice is being pushed on. Cholera is still bad, and deaths are numerous.
	11 Rajshahye, „ 19 „	41	Weather—Variable. Sometimes hot and oppressive, and at other times stormy and cool, with occasional falls of rain. The rain has improved the prospects of early rice, jute, indigo, and <i>til</i> ( <i>sesamum</i> ), but more is still wanted. The cutting of spring rice has commenced in the north-east of the district. Cholera has almost altogether disappeared.
	12 Rungpore, „ 18 „	1 42	Weather—Slight gales from the north-west on the evening of the 15th, 16th, and 17th instant. The rainfall at Gaibanda has been 83 of an inch, and at Kurigram 1 61 inches. The state and prospects of the crops are good. Some cholera cases were reported in the Gaibanda and Kurigram sub-divisions, and also in the Sudder sub-division.
	13 Bogra, „ 19 „	86	Weather—Stormy. On the 15th instant a heavy gale passed over a narrow strip of country about 8 miles by 4 a mile, blowing down the Madhoopore outpost and several houses in its jurisdiction, and damaging the trees and crops slightly. <i>Til</i> , <i>amun</i> and <i>boona</i> rice, jute, and sugarcane, are getting on well. The recent rains are likely to do good to these crops. Ploughing of lands for the <i>amun</i> sowings have been busily undertaken.
	14 Pubna, „ 19 „	2 50	Weather—Cool and cloudy. There was a heavy rainfall, attended with hail and strong wind, on the 13th instant. The prospects of the crops are favorable.
	15 Darjeeling, „ 18 „	68	There have been frequent showers of rain with intervals of bright sunshine. In the plains the <i>bhadoi</i> rice sowings are all over, and in some places blades have sprung up and are looking well. The <i>haimanti</i> rice sowings have commenced. The young crops in the hills are progressing favorably.
	16 Julpigoree, „ 19 „	1 22	Weather—Rainy, alternating with sultry clear weather. The condition and prospects of the crops are favorable in all the thanas. In Boda, <i>bhadoi</i> , <i>haimanti</i> and jute sowings are finished, but are somewhat damaged by the heavy rains. In the Buxa sub-division these sowings are also completed, and are very promising.
	Cooch Behar, „ 17 „	3 62	Weather—Frequent heavy showers; sun very hot when not cloudy. The rainfall at Mathabhangt has been 44 of an inch, at Mekhligunge 2 inches, and at Dinhatta 95 of an inch. General prospects of the crops are good. Much weeding is required to keep jute and early rice from being choked by grass owing to rain. Public health is good. No cholera is reported as yet.
<i>Eastern Districts.</i>			
Dacca DIV.	17 Dacca, May 21† 77	2 44	State and prospects of the crops are favorable. Cholera is still bad in Roopgunge.
	18 Furreedpore, „ 19 „	1 17	Weather—Still very wet for the season of year. During some days it was extremely hot, but has become cool again. The rainfall at Madaripore has been 1 77 inches, and at Goalundo 83 of an inch. The cultivation is being seriously interfered with by the continued wet weather.
	19 Backergunge, „ 17 „	54	Rain has again been general this week, and the autumn rice has been slightly injured by it. In Dakhin Shabazpore a larger area of land than usual has been sown with autumn rice this year. There is a good deal of cholera all over the district. The cattle are healthy everywhere.
	20 Mymensingh, „ 18 „	1 86	Weather—Unusually cool and rainy for this season of the year. State and prospects of the crops are good.
	21 Tipperah, „ 18 „	1 11	Weather—Fine, with occasional storms. 1 61 inches of rain at the sub-division. Ploughing for the rice crops is going on more briskly. Isolated cases of cholera are reported in various parts of the district, but no epidemic is heard of.

\* Report of the 21st May shows rainfall during the seven days immediately preceding.

<i>Eastern Districts.</i>			
CHITTAGONG DIVN.	22 Chittagong, May 17 '77	35	Weather—Hot and close. The prospects of <i>pania aous</i> are good. Rain is generally wanted. Cholera has almost entirely abated.
	23 Nonakholly, „ 17 „	08	Weather—Seasonable; slight rain on the 10th and 11th instant. Cultivation is progressing favorably. Health of the district has much improved.
	24 Chittagong Hill Tracts, „ 15 „	69	Weather—Seasonable; hot at noon. In some parts of the district the young shoots of paddy are thriving well. Sowings in the <i>jooms</i> are progressing well.
	Hill Tipperah, „ 16 „	3 12	Weather—Stormy. Close during the day. No change in the state of the crops. The sowing of <i>aous</i> paddy is going on. Cholera has abated at Agorta-a.
<b>BEHAR</b>			
PATNA DIVN.	25 Patna, May 21* '77	81	Weather—Partly cloudy and partly clear. The rain of the 20th instant has greatly benefited <i>cheena</i> and sugarcane. Health is generally good.
	26 Gya, „ 19 „	Nil	Weather—Cloudy and muggy. 02 of rain at Aunungabad. No change to report about the crops. Public health is fairly good.
	27 Sahabad, „ 19 „	Nil	Weather—Cloudy and hot. Sugarcane is extensively planted, and is doing well. Mango in the south is reported a fair crop. General health is good.
	28 Durbhunga, „ 19 „	Nil	Weather—Hot. Cloudy, with east wind since 18th instanc. State and prospects of the crops are satisfactory. <i>Moong</i> and <i>dhan</i> have been sown in some places. Lands are being prepared for the <i>bhadoi</i> sowings.
	29 Mozulerpore, „ 19 „	Nil	Weather—Very hot. The prospects of the crops continue good. The cultivators have commenced ploughing for the next sowings. The general health is good, with the exception of cholera in the Sectamurhee sub-division.
	30 Sarun, „ 19 „	Nil	Weather—Hot, close, and cloudy. <i>Cheena</i> , sugarcane, and cotton, are doing well, and the prospects of indigo are generally excellent.
BHAGALPORE DIVN.	31 Chumparan, „ 19 „	Nil	Weather—Seasonable. The sowings of the <i>bhadoi</i> crops are progressing. <i>Cheeni</i> , indigo, and other crops that are now on the ground are flourishing. General prospects are good. Cholera is on the increase.
	32 Monghyr, „ 19 „	Nil†	Weather—Seasonable. The mango crop is bad. The ground is being prepared for the <i>bhadoi</i> sowings. Cholera still exists slightly.
	33 Bhagulpore, „ 21* „	4.43	Weather—Warm during first half of the week, then variable in the north, and stormy in the sudder station and south. Prospects of the crops are good. Cholera, small-pox, and sickness generally, are decreasing.
	34 Purneah, „ 19 „	Nil	Weather—Cold and damp. East wind prevailing. 32 of rain at Kisseungunge and 75 at Arrareah. The state of the crops is satisfactory. Cholera is disappearing, and the general health of the people is improving.
	35 Maldah, „ 19 „	26	Weather—Somewhat stormy. The state and prospects of the crops are satisfactory. Cholera rather less. 235 deaths reported during the week. One special native doctor has arrived, and application has been made for a second.
	36 Southal Berghs, „ 20 „	76	Weather—Heavy clouds constantly hanging about, with rain in the afternoon. Ploughing is going on everywhere.
<b>ORISSA.</b>			
ORISSA DIVN.	37 Cuttack, „ 19 „	89	Weather—More like July or August than May, but favorable for agricultural operations. Early rice is being sown, and the final ploughings for late rice are being made.
	38 Pooree, „ 17 „	30	Weather—Hot, but occasionally cloudy. 16 of rain at Kordah. The harvesting of the <i>dalia</i> rice crop is complete. Cotton is being gathered. Sugarcane is doing well. Ploughing and manuring are going on actively, and sowing of the <i>sarad</i> rice crop has commenced in certain places. The prices of rice are almost stationary. Public health is good.
	39 Balasore, „ 18 „	1.34	Weather—Hot and dry at the beginning of the week; now damp and close. Preparations for the next rice crop continue. Cholera has disappeared from the town, and cases reported from the interior are fewer.
<b>CHOTA NAGPORE.</b>			
<i>South-West Frontier Agency.</i>			
	40 Hazareebagh, May 18 '77	Nil	Weather—Very variable. Part of the week was intensely hot; now again the weather is very cool. No crops on the ground. Health of the district is generally good.
	41 Lohardugga, „ 19 „	Nil	There has been no rain during the week, but the day of report (19th instant) was like a day in the regular rainy season. Early rice is above ground in some places, and is being sown in others. Its prospects are at present very good. Cholera has appeared in the Palamow sub-division, and several fatal cases have occurred.
	42 Singhbhum „ 18 „	54	Weather—Seasonable. Nothing to report about. The district is healthy.
	43 Maubhum, „ 19 „	2.66	Weather—Hot during the early part of the week; cool and pleasant since rain has fallen. The crops standing on the ground are doing well. Pretty heavy rain fell on the 18th instant. The ryots ought to be pushing on with their highland rice crop, but usual season not having quite come round, they do not seem disposed to hasten themselves.

\* Telegrams of the 21st May show rainfall during the seven days immediately preceding.

† 6.22 inches of rain since reported.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h; the maximum and minimum temperatures from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modification of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph. The mouth of the rain gauge is one foot above the ground.

## CHOLERA IN THE DISTRICTS OF CHITTAGONG AND NOAKHALLY.

FINANCIAL DEPARTMENT.—MISCELLANEOUS—No. 1308.

*Calcutta, the 4th May 1877.*

From—H. J. S. CORRON, Esq., Junior Secy. to the Govt. of Bengal,  
To—The Commissioner of the Chittagong Division.

I AM directed to acknowledge the receipt of your letter No. 75G., dated 27th April 1877, in which you submit a report on the epidemic of cholera that has recently occurred in your division.

2. The Lieutenant-Governor deeply deplores the terrible effects of this outbreak, which have resulted, it is believed, in a mortality unprecedented even in the annals of cholera. At the same time, it is satisfactory to be able to say that the exertions of all the officers of Government to alleviate the disease were unremitting. All possible assistance was afforded, and very great credit is due to both Dr. Murray and Dr. Lyons, the Civil Surgeons of Chittagong and Noakhally, for the zealous and indefatigable manner in which they devoted themselves to their professional duties during a most trying period. The especial acknowledgments of Government are also due to Dr. Coates, the Sanitary Commissioner, who was deputed to Chittagong in December, and who not only organised a scheme for affording medical relief and for utilizing to the utmost the available agency, but himself personally visited the worst localities, lived among the people, and afforded them encouragement by his presence and advice. With two unfortunate exceptions, the native assistant surgeons and native doctors also did their duty well.

No. 75G, dated Chittagong, the 27th April 1877.

From—E. E. Lewis, Esq., Commissioner of the Chittagong Division,  
To—The Secretary to the Government of Bengal, Financial Department.

WITH reference to your letter No. 585, dated the 23rd February last, I have the honor to submit the following report on the severe epidemic of cholera which has occurred in my division. Statements showing the number of deaths that occurred up to 31st January 1877 have already been submitted with this office memorandum No. 662G, dated 13th ultimo, and similar statements showing the number of deaths which have occurred during the whole period from effect of cholera in both the districts of my division are herein enclosed, showing at a glance the terrible results of this outbreak of sickness.

2. I beg also to submit sketch maps showing the places where cholera prevailed in an epidemic form and caused great loss of life among the inhabitants, and also showing the localities at which the medical relief centres were formed.

3. Almost immediately after the cyclone of the 30th October, cholera broke out in those places which had suffered the most from the storm-wave. In Chittagong, cholera broke out immediately after the cyclone in Seetacoond and Coomirah, north of the station on the Dacca road. About the same time (7th November) cholera appeared at Bakolia and Changao, east of the station, in the town thana, and extended to the adjoining villages. On the 19th November it broke out in Moishkhali, Goshail, Dengah, and Potengah, also in town thana: these places lie west of the station: these villages had also suffered much from the storm-wave; and on the 8th December the epidemic reached Kolagao, on the left bank of the Kurnafoolee, south of the sudder station, in Puttea thana, whence it extended by degrees to the adjoining villages. Kolagao had also been inundated by storm-wave. On the same date it appeared in Noapara and Raojan, where the storm-wave did not reach, though a small portion of the former was inundated by the overflowing of the river Kurnafoolee and its tributary the Halda; and on the 27th December it reached as far south as Banskhal on the Sungoo river in Satkanea. It thus gradually extended through the whole sudder sub-division of the district and Kutubdea, though it first appeared and raged with greater virulence in places inundated by the storm-wave.

4. The available native doctors were at once sent out to Seetacoond and Bakolia, where cholera first appeared; but in other places no medical assistance could at first be rendered, except by the distribution of cholera pills, as there were no extra native doctors or good medicines available. Assistance was, however, promptly indented for, as well as stores of medicines, both of which were urgently required. These were sent with all possible despatch, but the epidemic spread over the district in so short a time that, although the extra doctors with medicines arrived as early as could be expected, the disease had made great head before their arrival.

Dr. Coates, the Sanitary Commissioner, arrived here in December, just when men and medicines were most wanted; and with his valuable aid a scheme was drawn up for utilizing to the utmost the agency at our disposal. Nor did Dr. Coates content himself with simply giving advice; he personally visited some of the worst localities, carrying medicines with him, which he distributed on the spot, and by his presence and advice did much to allay alarm and anxiety in the minds of the people. It was determined to post the native doctors at different central places, dividing the stricken tracts into circles; and to ensure that the native doctors were on the alert, sub-assistant surgeons were placed in immediate charge of all these circles, the whole being under the control of the Civil Surgeons, to whom the native doctors submitted regular returns showing number of patients, success of treatment, stock of medicine in hand, &c. By this means the Civil Surgeons were kept informed of what was going on, and could exercise control. The two assistant surgeons and nine native doctors supplied by Government for this district were thus disposed of; and at the same time educated and charitable villagers were supplied with medicines for distribution to the village people who lived at a distance from the medical centres; while rules for observance of sanitary measures were circulated as widely as possible to

all the villages, especially where the epidemic prevailed. Some of the native gentlemen also in the town distributed medicines gratis; in short, the aid and sympathy of every one who could render any help were enlisted. The disease reached its climax about the end of December, when several European residents were attacked. Soon after this there was heavy rain, which checked the virulence of the disease to a certain extent. Cholera in Chittagong has abated since the heavy rains in February last, but it is yet to be found more or less throughout the district, as the disease appears to be epidemic in Chittagong. As I write, I learn from the Magistrate that news has reached him of cholera having broken out in Cox's Bazar, and to the extreme south of the district, a part which had hitherto escaped; the disease appears to have been carried there by persons returning from Akyab, where, I believe, cholera is now raging.

5. The district of Noakholly suffered even more severely than Chittagong, and in consequence cholera appeared in a virulent form and spread at once over almost all parts of the district, as well as in the groups of thickly inhabited islands of Sundeeep, Uatea, Bamni, &c., &c. The disease first appeared where the salt-water had penetrated, and this tract being more extensive than in Chittagong, it appeared in a greater number of places simultaneously, and spread more rapidly, causing at the same time greater devastation. As in Chittagong, the disease seems to have reached its climax in Noakholly in the end of December; and from persons who came to attend the durbar in the beginning of January, I received most alarming accounts of the state of depression to which the people were reduced.

6. To prevent the spread of the disease, much the same measures were taken as at Chittagong; in fact, a scheme practicable for both districts was concerted with Dr. Coates, and the instructions issued and suggestions made were identical for both districts. These instructions appear to have been admirably worked by Dr. Lyons, who appears to have been indefatigable in the discharge of his duties at this trying time. The following measures were as far as possible carried out by him:—

- 1st.—Protection of drinking-water tank in station, and excavation of wells or tanks in large villages south-east and south-west of the district.
- 2nd.—Burning and burying of corpses and carcasses, and, where not practicable, they were floated out with the tide.
- 3rd.—People advised to make early applications for medicines and to avoid exposure and fatigue.
- 4th.—Police to see that the bodies of those who died from cholera were burnt or buried, and to advise relatives or friends of the cholera-stricken to destroy bedding, &c., and to bury as soon as possible all cholera evacuations.
- 5th.—Burning of large fires to windward of affected villages.
- 6th.—Fallen trees and branches in tanks and water-courses to be removed.
- 7th.—Recommending people to be specially careful about drinking-water, which should be boiled and allowed to cool before using.
- 8th.—Attention to conservancy and burning of refuse heaps.
- 9th.—Recommending that the people in the bazar (Shudharam) and neighbourhood should be required to clear up their latrines, or if that was impracticable, that the exposed filth should be sufficiently covered with earth to render it inoffensive.
- 10th.—Stagnant water in drains and water-courses to be baled out.
- 11th.—Thatching-grass fields in station to be cut down.
- 12th.—That brick-making operations carried on along some of the large drains in the station should be removed to outlets of drainage.
- 13th.—Personal inspection by the Civil Surgeon of fish and other supplies in bazar on frequent occasions; and two fishmongers detected selling fish unfit for use were prosecuted.
- 14th.—Forbidding the sinking of bodies in the khals.

7. Medical relief was afforded from the very outset of the epidemic (viz. from the 4th November 1876) at the charitable hospital, where, on the 8th November alone, as many as 114 persons applied for medicines for their

friends; police thanas and outposts also were furnished with cholera medicine as fast as they could be prepared and sent out.

Native doctors and compounders were entertained, and on the 7th November one of the former engaged on the islands of Sundeeep was placed there for duty, and two of the latter were on the 9th of November sent to Ingadia and Chur Uria, while on the 11th November the sub-divisional native doctor proceeded to Faquir Hât. Meanwhile, further help had been called for, and on the 12th November two out of four native doctors telegraphed for arrived and were sent to Hatiya and Sundeeep. On the 14th a compounder was despatched to Chaprassee Hât, and the remaining two native doctors telegraphed for on the 7th November, on their arrival on the 24th November, were sent to Farashgunge and Bamni. On the 27th and 29th two locally engaged native doctors were sent to Zorwar-gunge and Chagalnaya, and on the 30th November two more Government men arrived and were posted to Sundeeep and Nulchira in Hatea. On the 8th December two more arrived from Calcutta and were despatched to Mirkaserai and Sundeeep, and on the 11th December two more native doctors arrived and were sent to Sundeeep. On the 16th December two assistant surgeons arrived, and in pursuance of the plan proposed by Dr. Coates were placed, one in charge of the Mirkaserai circle, and the other to Sundeeep in the first instance, but he was afterwards directed to supervise Hatiya as well. In January I sent off a party of native doctors who had come by steamer with instructions to proceed to Noakholly, and *en route* to report themselves to the Fenny sub-divisional officer in case their services might be urgently required there. Of these, one assistant surgeon and a native doctor were detained by the officer in charge of Fenny sub-division, and stationed—the former at Kazi Hât, and the latter at Bamni; the remainder reported themselves at Noakholly, and were posted on 23rd January—a sub-assistant surgeon to Bhullooah, and four native doctors to Moonshee Hât, Moigdee, Chur Fakira, and Gungadas Moonshee's Hât. On the 7th February another native doctor arrived and was sent to Shantashita to replace a locally entertained compounder who had fallen sick.

8. Supplies of cholera medicines were furnished to the District Superintendent of Police, to intelligent people of Luckhipore, Begumgunge, Shantashita, Shonadea, Dulal Bazar, and to many others who desired to be provided with them for distribution; the officers, both European and Native, proceeding into the interior were also liberally supplied. Renewal of supplies on their requisitions were also made, and continued to be made, to native doctors and police thana officers.

9. The native doctors and compounders were given verbal and written instructions to explain to the people to be careful in their diet, drinking-water, and conservancy arrangements, &c.

10. One assistant surgeon was placed in inspecting charge of the islands, another of Mirkaserai or Eastern Division, a third of Bhullooah or Western Division, and the fourth was deputed to Kazir Hât by the sub-divisional officer. The sub-assistant surgeon, besides inspecting the work of the native doctors and seeing that the latter moved about their circles, were also provided with medicines and directed to treat cholera cases themselves.

11. According as the medical relieving officers arrived and could be entertained, they were sent to the parts most needing their services, and when the disease abated in one place they were sent to another. The staff consisted of four assistant surgeons, 16 Government native doctors and three local, three Government compounders and three local—total 29. Besides this, for jail, police, and dispensary works there were two native doctors and one compounder.

12. All the native doctors have been withdrawn from the islands, and the assistant surgeon who was there left for Calcutta on the 23rd February, while the services of the locally engaged men have also been dispensed with. There now remain at Noakholly two assistant surgeons and eight native doctors, who are distributed as follows:—

One assistant surgeon at Bhullooah and the other at Kazir Hât, and a native doctor at Moigdee, Begumgunge, Dulal Bazar, Bamni, Mirkaserai, Boktar Moonshee's Hat, and two in a reserve in Noakholly.

13. The services of the extra establishment at Chittagong have been dispensed with, and any necessity for keeping up that at Noakholly will, I trust, soon disappear.

14. The primary cause of the disease was of course the cyclone and storm-wave. Wherever the salt-water penetrated vegetation was killed and the drinking water spoiled, and there the cholera first began. In fact Dr. Coates found the limits of the first outburst coincident with the extent to which the salt-water penetrated. This was peculiarly marked along the Dacca road, the embankment of which saved the country to the east of it from inundation. Along that road every village to the west which had suffered from inundation was visited at once with cholera, while the villages on the other side of the road escaped at first. A poisoned state of atmosphere was added to bad drinking-water, for the storm-wave swept away everything before it, and the whole sea-coast towards the north was strewn with the carcasses of cattle and human bodies. In other places also the khals, tanks, the sea-shore were full of carcasses and corpses. No vultures were to be seen at first, and the people, who have suffered a great shock from the cyclone, could not be persuaded to bury the dead bodies. The local authorities tried their best, with the small agency at their disposal, to bury or float away the carcasses, but long before it could be accomplished the atmosphere was tainted, and so great was the smell that travellers passing along the roads, especially along the Seetacoond road, kept their nostrils and mouth covered with their hands or dress: and the same state of things in an intensified form was to be found all over the islands forming part of the Noakholly district. Salt-water, too, accumulated in innumerable ditches and other low places from which it was impossible to drain it, and this added to the evil.

15. The disease was further intensified by the use of bad food, the greater portion of the grain and other food upon which the people depended for their living having been destroyed or damaged. The people used the damaged grain for about a fortnight after drying it in the sun; large quantities of grain contaminated by salt-water were also carried away from the town by the people, who mobbed the merchants' godowns for the same, the police being unable to restrain them.

16. Bad water I have already alluded to as a cause of sickness. The water of almost all the tanks on the sea-coast was rendered either salt or brackish, while all vegetation in them was destroyed by the admission of salt-water, and the accumulation of carcasses and debris in them made the water more impure than ever. The narrow strip of country, about 24 miles long and four miles wide, along the west of the Dacca trunk road, portion of the eastern bank of Kurnasfolee, Banskhal, and northern part of the Kutubdea, as well as the islands and coast of Noakholly, were submerged, and the people had no alternative but to use the water of those tanks. Where tanks were distant the people fared rather better, for, by digging small wells for themselves, they obtained, it is true, brackish water, but water that was less contaminated by decayed vegetable matter.

17. Thanks to the promptitude with which our indents for men and medicine were attended to, and thanks especially to the counsel and help of Dr. Coates, the late terrible outbreak of disease has been checked and successfully combatted. I do not mean to say that medical help was afforded to every sufferer; but it has been afforded to many; and the very fact of help being at hand did much to dispel anxiety and give the people courage and confidence. To Dr. Coates, as I have said, is due the organization of a scheme for affording medical aid and for utilizing to the utmost the agency at our disposal, as well as for valuable professional suggestions and instructions; but the best devised scheme will break down if inefficiently administered; and it is due to the Civil Surgeons of Chittagong and Noakholly, Dr. Murray and Dr. Lyons, to state that but for their personal exertions and the interest taken by them in the work, the disease would not have been as successfully dealt with as it has. The Magistrates of the two districts afforded valuable help, but of course professionally they could do little. The sub-assistant surgeons and native doctors did well with two unfortunate exceptions, viz. Sub-Assistant Surgeon Baboo Shibkisto Dass, who refused

to go to Sundeep when cholera there was at its worst, and a sub-assistant surgeon who deserted his duty at Mirkaserai. Both these cases have been separately reported. With these exceptions the other native doctors have done excellent service.

18. I have not been able to submit this report as soon as I hoped, for cholera has taken longer to abate than I expected; it was not till after 1st April that I could say it had almost entirely disappeared, and until I could report to that effect, it seemed useless reviewing the success of the measures adopted for its suppression.

## Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different District of Bengal, as reported to Government during the week ending the 5th May 1877.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
<b>BENGAL.</b>			
<i>Western Districts.</i>			
BURDWAN DIVN.	1 Burdwan, May 7 <sup>th</sup> 77	3	The rainfall at Culna has been .37 of an inch and at Jehanabad .45 of an inch. The prospects of the crops are good. Fever is prevalent.
	2 Bankoora, „ 5 „	.04	Weather—Generally dry, but cloudy, with occasionally a few drops of rain. Nothing special to report. The crops are as favorable as before.
	3 Beerbhoom, „ 5 „	Nil	Weather—Cloudy and threatening rain; somewhat cooler than last week. State and prospects of the crops are good.
	4 Midnapore, „ 5 „	.44	Weather—Seasonable; cooler than previous week. General prospects are fair. The spring rice is being reaped. It is a large crop this year in consequence of the heavy inundations last year.
	5 Hooghly, „ 5 „	1.70	Weather—Warm. There was a good shower of rain on the night of the 4th instant, accompanied with thunder and lightning, and much benefit is expected from it. The sowings of early rice, jute, and <i>sona</i> , have commenced. Vegetables are doing well. Cholera and cattle disease are still prevalent.
	Howrah, „ 5 „	.80	Weather—Very hot. No crops on the ground.
<i>Central Districts.</i>			
PRESIDENCY DIVN.	6 24-Pergunnahs, May, 7 <sup>th</sup> 77	.58	Weather—Very warm. More or less heavy showers have fallen throughout the district during the week. The sowings of <i>sons</i> rice and jute have commenced. Public health is generally good.
	7 Nuddea, „ 5 „	.73	Weather—Seasonable. The early rice is coming on well.
	8 Jessore, „ 5 „	3.58	Weather—Stormy. The spring rice is being gathered. The rain has done good both to autumn rice and indigo.
RAJSHAHY AND COOCH BEHAR DIVN.	9 Moorshedabad, „ 5 „	.08	Weather—Hot. <i>Boro</i> and <i>bhadoi</i> rice crops are coming on well. Indigo, sugarcane, and mulberry are promising fairly. Cholera prevails in parts of the district.
	10 Dinagepore, „ 4 „	.73	Weather—Unsettled. There was some heavy rain during the week, and the wind blew sometimes from the west and sometimes from the east. Heavy gales on the 1st and 2nd instant .21 of rain is registered at Roygunge. The crops are much benefited by the rain. Cholera is still bad in all directions, principally in the south.
	11 Rajshahye, „ 5 „	.74	Weather—Unsettled. There have been a few storms with moderate rainfall. In some parts the rain has been heavy, and in one part of the Natore sub-division it was accompanied with hail, which did some injury to the <i>til</i> (Sesamum) crop. The seedlings of early rice and indigo are much benefited by the rain. The rice sowings are not yet complete, and more rain is needed.
	12 Rungpore, „ 4 „	.82	Weather—Cool, with rain and slight storm on the 1st and on the night of the 3rd instant. The rainfall at Kurigram has been 2.55 inches, and at Bagdogra 1.33 inches. The state and prospects of the crops are good. The recent rain has been beneficial to the crops. Weeding is going on actively. Small-pox is reported from the Gaibanda and Kurigram sub-divisions, also measles and fever from the latter.
	13 Bogra, „ 5 „	.20	Weather—Fair in the morning, but cloudy in the evening, almost every day. The sowings of jute, early rice, and <i>til</i> still continue.
	14 Pubna, „ 5 „	1.38	Weather—Cool, with occasional thunder-storms. The crops are very forward. Jute promises well. The sowings of both <i>sons</i> and <i>amun</i> rice are said to have been completed.
	15 Darjeeling, „ 4 „	.90	Weather—Showers every day. It looks as if the rains have set in unusually early. The sowings of <i>bhadoi</i> rice are still going on in the plains, and the ground is being prepared for <i>haimanti</i> rice. The young crops in the hills are doing well. The tea prospects are promising.
	16 Julpigoree, „ 5 „	1.36	Weather—Hot, with cool evenings. Frequent showers. The sowings of early rice are nearly finished under favorable weather.
	Cooch Behar, „ 3 „	.58	Weather—Hot, with occasional storms and rain. .76 of rain at Dhanatta, and .11 at Mathabhanga. It is said that the rain promotes the growth of weeds, and hurts the <i>bitri dhan</i> . <i>Cheena</i> and <i>kaon</i> are flourishing. Public health continues good.

\* Telegram of the 7th May shows rainfall during the seven days immediately preceding.

BENGAL.—(Continued.)			
Eastern Districts.			
Dacca Divn.	17 Dacca, May 7* '77	1.61	Weather—Cool; otherwise seasonable. State and prospects of the crops are favorable. Cholera is less prevalent.
	18 Furreedpore, „ 5 „	1.25	Weather—Hot, cloudy, and squally. The rainfall at Madaripore has been 1.45 inches, and at Goalundo .33 of an inch. State and prospects of the crops are good, as also the health of the district.
	19 Backergunge, „ 3 „	3.57	Weather—Still unseasonable. Bright sunshine in the daytime, but storms of rain, wind, and thunder in the evening. The rain has injured the crops all over the district, but the Collector hopes not to a large or irremediable extent. Much sporadic sickness still continues among the inhabitants. The cattle are reported healthy everywhere.
	20 Mymensingh, „ 4 „	.37	Weather—Unsettled. There was a storm in all parts of the district on the 27th April. The rain at the Sudder Station was much less than at the three sub-divisions. Early rice and jute are still being sown.
	21 Tipperah, „ 4 „	2.79	The weather has been fairer, and not much rain has fallen. Owing to the drier weather, ploughing is being pushed on with vigor, and the autumn and winter rice crops are being sown.
Chittagong Divn.	22 Chittagong, „ 3 „	.06	Weather—Hot. No marked change since last week.
	23 Noakholy, „ 3 „	1.13	Weather—Hot and cloudy almost every evening. On the 28th April a whirlwind came down on village Roodrampore, in Begumunge, destroying houses, trees, and boats. Three persons were killed and two wounded. A severe thunder-storm passed over the station on the afternoon of the 30th idem. Cultivation is progressing favorably. Cholera still prevails at Dalal Bazar.
	24 Chittagong Hill Tracts, „ 1 „	.12	Weather—Very hot. High wind on the evening of the 29th and 30th April. Rain is shortly expected. The burning of the <i>jooms</i> is over, and the hill people are sowing seed-grains in them.
	Hill Tipperah, „ 2 „	1.12	Weather—Stormy on four evenings of the week. Rain appears to have been general. The crops are flourishing. Cholera continues in Agartala.
BEHAR			
Patna Divn.	25 Patna, May 7* '77	.76	Weather—Rather cool after heavy rain on the night of the 5th instant. New grain is being imported into the market. Cholera and small-pox are more or less prevalent in all parts of the district.
	26 Oya, „ 5 „	.16	Weather—More clouds and less hot west winds than usual at this time of the year. Threshing of the <i>rubbee</i> crops is still going on.
	27 Shahabad, „ 5 „	.12	Weather—Cloudy and hot. The <i>rubbee</i> crops are being threshed. Sugarcane is being extensively planted.
	28 Durbhunga, „ 5 „	.81	Weather—Showery, and the temperature very moderate for the time of year. The rain has done much good to indigo, and enabled the cultivators to commence ploughing for the next sowings. Thus far the year has, from an agricultural point of view, been very propitious.
	29 Mozufferpore, „ 5 „	.15	Weather—Fine and cool for this time of year. The prospects of <i>dhan</i> , <i>moong</i> , and <i>murua</i> have been improved by the recent rain. Small-pox exists in Shewhur and Belsund, and there is a slight outbreak of cholera in Hajeeapore.
	30 Sarun, „ 5 „	.33	Weather—Hot and dry, with occasional dust-storms. There was a slight fall of rain on the morning of the 3rd instant. The prospects of indigo are generally good. <i>Cherna</i> and early rice are doing well. The cuttings of sugarcane are still being planted. General health is good.
Bhagalpur Divn.	31 Champaran, „ 5 „	.16	Weather—Rain accompanied with high winds on two occasions. Nights still remain cool. The outturn of the <i>rubbee</i> crops promises to be above the average. Cholera and small-pox are reported in the interior.
	32 Monghyr, „ 5 „	Nil	Weather—Hot and windy. Only .02 of rain at Beguserai. The <i>rubbee</i> harvest is nearly complete. Slight cholera is prevalent in the district.
	33 Bhagnipore, „ 7* „	.31	Weather—Variable. The rainfall at Muddelpoora has been more and at Soop less than at head-quarters. No rain fell at Banka. The prospects of the crops are good. Ploughing has begun in the north. Cholera and small-pox are increasing in Banka, and are still prevalent in Sudder sub-division; elsewhere the health of the people is good.
	34 Purneah, „ 5 „	.18	Weather—Stormy, with east wind. .88 of rain at Kissengunge, and .85 at Arrareah. The crops are coming on well. Cholera is increasing all along the Maldah and Dinagepore side of the district and in thana Dhumdaha.

\* Telegrams of the 7th May show rainfall during the seven days immediately preceding.

No.	District, and date of return.	Rainfall, at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEMAR.—(Continued.)			
BHAGULPORE DIVN.	35 Maldah, May 5 '77	·39	Weather—Fair and hot, with occasional clouds and violent winds. Slight rain fell on the 28th and 30th April, and also on the 1st instant. The crops are good. 190 deaths from cholera reported. The disease is flying over the district, never resting long in one place.
	36 Southal Pergas, „ 6 „	·44	Weather—Warm, with occasional storms. 1·9 of rain at Rajmebai. No crops on the ground. Health is fair.
ORISSA.			
ORISSA DIVN.	37 Cuttack „ „	.....	Return not received.
	38 Pooree, May 3 '77	·19	Weather—Hot. The harvesting of the early <i>dalsa</i> crop is nearly complete. Ploughing for the <i>sarad</i> crop is still going on. The state of other crops is fair. Rice is a little cheaper. Public health is good.
	39 Balasore, „ 4 „	·64	Weather—Hot and dry, with occasional thunder-storms. Ploughing and manuring continue. Mortality from cholera has diminished.
CHOTA NAGPORE.			
South-West Frontier Agency.			
	40 Hazareebagh, May 4 '77	·05	Weather—Extremely variable; unseasonably cloudy and cool. No crops on the ground to report about. <i>Mohwa</i> crop has been very short owing to constant cloudy weather and slight sprinkles of rain. A few cases of small-pox are reported from different parts of the district.
	41 Lohardugga, „ 5 „	1·81	The rainfall at Palamow has been ·85 of an inch. In the head-quarters subdivision the <i>mohwa</i> crop is supposed not to equal half an average crop, and the prospects of the mango crop are very bad. The prospects of the main rice crop are not favorable. From the Palamow sub-division it is reported that great deal of damage has been done to gram still lying on the threshing floor and that the <i>mohwa</i> crop has been greatly injured. General health is good with the exception of a few cases of small-pox in Palamow.
	42 Singbhoom, „ 4 „	Nil	Weather—Seasonable. No crops on the ground to report about. The district is healthy.
	43 Manbhoom, „ 5 „	·18	Weather—Seasonable, though perhaps a little cooler than usual, owing to recurrence of short storms with a few drops of rain. There are few crops on the ground, and they are getting on well.

Published for general information.

## NOTE.

**Barometric Pressure.**—The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Captain Allan Cunningham's table,—“Prof. papers on Indian Engineering No. CXIII.” The temperatures at the sea-level are taken from column 3 of the above table.

**Temperature.**—The temperatures in column 3 are reduced from those in column 17 on the preceding page, by adding 1° Fahrenheit for every 450 feet.

**Wind Resultant.**—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

**Clouds.**—This column gives the average proportion of clouded sky, a cloudless sky being indicated by 0, and one completely overcast by 10.

The above being all comparable, afford the data for constructing a meteorological chart for the month which shall show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h; the maximum and minimum temperatures from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modification of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph. The mouth of the rain gauge is one foot above the ground.

The Hon'ble RAJA PRAMATHA NATHA ROY, BAHADOOR.

### PROVINCIAL PUBLIC WORKS CESS.

THE HON'BLE MR. REYNOLDS postponed the motion which stood in his name for the passing of the Bill to provide for the levy of a cess for the construction, charges, and maintenance of provincial public works in Bengal, until after the consideration of the amendments of which notice had been given by the hon'ble member opposite, Raja Pramatha Natha Roy.

The HON'BLE RAJAH PRAMATHA NATHA ROY said there was no provision in the Bill requiring the cess to be realized from the sharers of an estate. The Road Cess Act required the holder of an estate to pay the entire amount of road cess, leaving him to recover from his co-sharers such sums as might be payable in respect of their shares by the tedious process of a civil suit. That procedure was adopted in order to make the task of collection easy to the Government. But as a matter of fact, zemindars found it so difficult to realize anything from their co-sharers that there was hardly an instance of one shareholder attempting to recover from another. The passing of the recent land registration law would enable the Collector to ascertain who were the sharers in an estate; and it would therefore now be easier for the Collector to realize both the road cess and the public works cess from all co-sharers, than to oblige landholders to recover from their co-sharers. The object of the amendment he was about to move was to render sharers who were separately registered under sections 10 and 11 of Act XI of 1859 liable for the payment of the proportion of the public works cess which was payable in respect of their shares. He moved that the following section be introduced after Section 5:—

*Section 6.*—"In the case of any joint estate, every sharer of such estate shall be entitled to pay his share of the amount of the public works cess to the Collector in the manner prescribed by section 22 of the said District Road Cess Act separately, and shall not be liable to pay more than his share in the case of any default on the part of his co-sharers."

The HON'BLE MR. REYNOLDS said he regretted that these amendments had been brought forward, because, if the Council departed from the principle of the procedure under the Road Cess Act, it would produce confusion in the accounts, and would render it difficult to assess and to collect the rate. There was one point, and only one, in which the Select Committee thought it desirable to depart from the procedure of the Act of 1871: it was the provision to substitute the certificate procedure of Act VII of 1868 for the procedure laid down in section 23 of Act X of 1871. But at the last meeting of the Council the recommendation of the Committee in that respect was reconsidered, and it was determined, on the motion of the Hon'ble Nawab Meer Mahomed Ali, that the procedure under the Road Cess Act should be retained. MR. REYNOLDS accepted that amendment, not because he thought the procedure of the Road Cess Act was preferable to the procedure of Act VII of 1868, but because he understood it to be the sense of the Council that the road cess procedure should be temporarily retained, although the proposed departure from it might be an improvement. Therefore he thought it undesirable that the Council should now go into the point whether any improvements or alterations of procedure might now be made. There were, besides, strong objections to the principle of the amendment before the Council. The principle of the road cess and of the public works cess was that those who were liable for the payment of the Government revenue should also be liable for the payment of the cess. In the case of sharers in joint estates all proprietors were jointly and severally liable for the payment of the Government revenue, and they were similarly liable for the payment of road cess. But the amendment proposed that every sharer should be allowed to pay his share of the road cess separately in proportion to the amount of his share. He could do that now if he had opened a separate account under Act XI of 1859; but so long as he did not do so, MR. REYNOLDS thought it was as objectionable to authorize separate payment of the road cess or of the provincial public works cess, as it would be in the case of the land revenue.

The HON'BLE BABOO KRISTODAS PAL said he did not clearly understand whether it was considered objectionable to realize the provincial public works cess directly from sharers whose names were registered under Act XI of 1859. The intention of the amendment appeared to him to go only so far.

The HON'BLE MR. REYNOLDS said he believed that it was the practice at present to receive payment of road cess from registered shareholders. But the amendment would include sharers whose names were not so registered. The road cess was payable by the persons by whom land revenue was payable. If a separate account was opened for the payment of land revenue, then the road cess would be separately payable by the persons who had so opened separate accounts. But there was no mention in the amendment confining its

operation to recorded sharers who had opened separate accounts, and therefore under it the provincial public works cess would have to be collected from every joint sharer.

The HON'BLE RAJAH PRAMATHA NATHA ROY observed that if he was informed correctly the practice under the Road Cess Act was to realize the cess from one sharer, even where the other sharers had opened separate accounts under Act XI of 1859; and there was no provision in the Road Cess Act to prevent such a procedure.

The motion was then negatived.

HIS HONOR THE PRESIDENT said he thought it was hardly desirable to proceed now to amend the Road Cess Act. It seemed almost a pity to take up one or two sections and amend the Act piecemeal. There were other questions which would come up, and which might sooner or later make it desirable to amend the Act. He thought it was better to let these amendments stand over until the Council could take up a well-considered general amendment of the Act. The amendments might all be very good, but this was hardly the time to consider them.

The HON'BLE RAJAH PRAMATHA NATHA ROY said he would be prepared to withdraw his amendments if the proposed section 9 were agreed to. At present no remuneration was given to the persons who had to collect the cess from the ryots. The agents employed by the zemindars for the collection of rents demanded additional pay for the additional work imposed upon them. There were cases in which these agents received a commission on the gross collections made by them, and they were now taking an additional percentage for the collection of the road cess, and they would no doubt also demand further remuneration for the collection of the public works cess, and these percentages the zemindars would be obliged to pay in addition to the cesses which they were called upon to collect: they had, in fact, to pay for the collection of Government cesses, which was very hard upon them. He therefore moved that the following section be introduced after section 5, and he hoped it would be agreed to:—

*Section 9.*—"It shall be lawful for the person to whom any sum shall as public works cess have been directly paid by the holder of any tenure or tenures for which no rent is paid, to retain one-fourth thereof as and for his remuneration for costs and risk of collecting the same; and where such sum shall have been paid as aforesaid by any cultivating ryot, to retain fifteen per centum thereof as and for his remuneration as aforesaid."

HIS HONOR THE PRESIDENT said he thought this section stood in exactly the same position as the other sections proposed by the hon'ble member. It might be right, or it might not, that a certain amount of commission should be given to zemindars to cover losses from bad debts and to cover the cost of collection. At present the Act which had been passed by the Council for the imposition of the road cess deliberately ruled otherwise. Therefore he did not think that at the last moment it was quite right to propose any alteration of the scheme of the road cess, especially on the very short notice which had been given. No doubt the amendment was upon a subject which was worthy of consideration, and HIS HONOR had already publicly said that he was quite prepared to consider what remuneration should be given to the zemindars for the collection of these cesses. But he did not think that the Council would be in a position, without consulting the local officers of Government and others interested, to say what was the exact amount of *mashaira* which should be allowed to zemindars to cover their losses. He therefore thought the consideration of this section should stand over until the general amendment of the Act was taken up, so as to enable the Government to inquire what was best to be done in regard to this matter.

The HON'BLE RAJAH PRAMATHA NATHA ROY said that under the circumstances stated by His Honor the President he would withdraw the amendment.

The amendment was then by leave withdrawn.

The HON'BLE MR. REYNOLDS moved that the Bill be now passed. He said it was not necessary for him on this occasion to go into the principle of the measure which had been formerly recognised by the Council, but he would wish to be allowed to make a few remarks on what was said at the last meeting of the Council with reference to the necessity for this Bill. It was

suggested by the hon'ble member opposite (Baboo Kristodas Pal) that possibly the receipts from the stamp revenue under the Registration Act might be so large as to dispense with any necessity for further taxation, and Mr. REYNOLDS thought that an estimate was made that the Government might possibly receive 50 lakhs upon that account. It was very difficult to make any estimate of what the real receipts in consequence of the Registration Act would be. Government had called for information on the subject from district officers, but that information was not yet available. As far as he had been able to ascertain, from such information as he had collected, the receipts from this source would be very much smaller than had been suggested, and in fact would be very small indeed. The number of estates on the towzee was about 150,000—the exact number was 151,589. Taking them at 150,000, and estimating that we should have three applications from sharers in each estate, we should have 450,000 applications in respect of estates paying revenue to Government. Besides that, we should have to take into account *lakhiraj* estates and applications from managers and mortgagees. The former were required, and the latter permitted, to make applications under the Registration Act. It would be very difficult to say what number of *lakhiraj* lands there were, but he believed it would be considered a liberal estimate if he took the number of these at the same number as estates paying revenue to Government. That gave a total of 900,000 applications. Besides that, we had to take into account the extra stamp fees from *mooktarnamahs*. A great proportion of the applications for registry would be filed by *mooktars* possessing general powers of attorney, and would not require fresh stamps. Then we must consider that perhaps one-third or 300,000 *mooktarnamahs* would be filed in connection with these applications, making in all a total of 1,200,000 applications and *mooktarnamahs*, which, at the stamp duty of eight annas each, would make a total of six lakhs of rupees. He did not take into account the revenues derived from fees realized from registration of transfers, because they did not form part of the provincial revenues, but would be credited to the Imperial Government. We then had to consider how much of these six lakhs would come into the coffers of the Government of Bengal. The notification under the Act declared that all persons should register by the 1st of November, and a period of six months was given, after which certain disabilities and penalties would be incurred by those who had not registered. It had not been ascertained yet quite exactly how many applications had been made, but we had to remember that the stamp revenue was made over to the provincial Government from the 1st of April; so that five out of the six months would elapse before this revenue would belong to the local Government, and for those five months it would belong to the Government of India, and the Government of Bengal would receive the receipts only for a single month. He could hardly say what the amount of revenue during that month would be, but there could be little doubt that there would also be many claims which would be brought forward after the six months had expired; and on the whole he thought it might be safely said that the additional revenue which would accrue to the local Government from the operation of this Act would not exceed five or six lakhs of rupees. It must also be remembered that the local Government would have to make good to the Government of India the sum of 2½ lakhs in addition to the estimated revenue from stamps, so that there would really be only a small surplus under the provincial Land Registration Act, and such surplus was entirely insufficient to meet the additional calls which we should be obliged to meet in respect of provincial public works. He thought he need not detain the Council with any further remarks.

The HON'BLE BABOO KRISTODAS PAL said that when, at the last sitting of the Council, he referred to the increase of stamp revenue which might be expected from the enforcement of the Land Registration Act, he said he had no distinct data before him such as would enable him to give an estimate of the exact amount to be derived, but from information he had received from competent persons in the mofussil, he was led to believe that it would at least cover the amount which the local Government sought to raise by the two Bills now before the Council. He thanked the hon'ble member for favouring him with the data which he had obtained for forming an approximate estimate of the expected increase of revenue from the Land Registration Act. That amount, the hon'ble

## Rainfall, Weather, and State and Prospects of the Crops.

Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different District of Bengal, as reported to Government during the week ending the 12th May 1877.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
<b>BENGAL.</b>			
<i>Western Districts.</i>			
BURDWAN DIV.	1 Burdwan, May 14 <sup>th</sup> 77	·87	The rainfall at Culna has been ·29 of an inch, at Boodbood 1·12 inches, and at Raneegunge ·24 of an inch. Cotton and til (sessmentum) are doing well. Cholera has abated, but fever is prevalent.
	2 Bankoora, „ 12 „	·92	There was some rain throughout the district on the 8th instant. The rain, where tolerably heavy, has benefited indigo and the few other crops that are now growing.
	3 Beerbhoom, „ 12 „	·17	Weather—Slight rain, but not sufficient to affect the crops one way or the other. State and prospects of the crops continue good.
	4 Midnapore, „ 12 „	1 15	Weather—Seasonable, i.e. hot with occasional storms. The state and prospects of the crops are not unfavorable.
	5 Hooahly, „ 12 „	·29	Weather—Very hot. The sowings of early rice, jute and some are going on, and sugarcane is being planted. Vegetables are doing well. Cholera and cattle disease still exist.
PRESIDENCY DIV.	Howrah, „ 12 „	·32	Weather—Very hot. No crops on the ground.
	<i>Central Districts.</i>		
	6 24-Pergunnahs, May 14 <sup>th</sup> 77	·80	Weather—Very warm and windy. The ground is being prepared for cultivation, and the sowings of early rice and jute have commenced.
	7 Nuddea, „ 12 „	·29	Weather—Hot; occasional storms. Early rice is coming on well. The sowings still continue. Sugarcane and indigo are promising, but more rain is required.
	8 Jessore, „ 12 „	1 37	Weather—Cool for the time of year. Some heavy rain with thunder. In the north of the district rice, indigo, sugarcane, and some minor crops, are doing well; in the centre the sowing of rice is progressing favorably; and in the south the fields are being got ready. The spring rice is still being gathered in Bagerhat.
RAJSHAHY AND COOCH BEHAR DIV.	9 Moorsshedabad, „ 12 „	·62	Weather—Hot and sultry. Land is being prepared for <i>sow</i> and <i>amss</i> rice. <i>Boro</i> rice is promising. Sugarcane and mulberry are in fair state. Cholera is prevalent in parts of the district.
	10 Dinagepore, „ 11 „	·19	There has been rain in most parts attended with gales. The rain at Raigunge has been ·81 of an inch, and at Rajbari ·41 of an inch. The <i>bladoi</i> rice is looking well. Ploughing for the winter rice is going on, and is benefited by the rain. Cholera is somewhat abating.
	11 Rajshahye, „ 12 „	·49	Weather—Stormy. There has been moderate rain all over the district. The rain has facilitated the sowing of rice which is fast going on, and has improved the prospects of the growing crops. Cases of cholera have occurred in nearly all the thanas, but they have not been severe in any part except in Lakhunhatee.
	12 Rungpore, „ 11 „	·89	The showers of rain on the 6th and 8th instant were preceded by north-westerly gales of short duration, which kept down the temperature. The rainfall at Gaibanda has been 2·47 inches, at Kurigram 1·43 inches, and at Bagdogra 2·37 inches. The state and prospects of the crops are good. <i>Sow</i> rice is much benefited by the rain. Cholera has disappeared from the Kurigram sub-division but is stated to be prevalent in Bowanigunge in the Gaibanda sub-division.
	13 Bogra, „ 12 „	·65	Weather—Cool for this time of the year, and cloudy. There was rain on the 6th and 8th instant, accompanied by thunder and high winds. <i>W</i> (sessmentum), <i>sow</i> and <i>boone</i> rice, and jute, have all been sown, and are thriving well. The prospects of sugarcane continue good.
	14 Pubna, „ 12 „	1·18	Weather—Unsettled; storms frequent. The crops have been much benefited by the rain.
	15 Darjeeling, „ 12 „	·42	Weather—Frequent showers, and rather cold for this time of the year. <i>Bladoi</i> rice is up in some parts of the Terai and is looking well. Indian corn in the hills is doing well.
	16 Julpigoree, „ 12 „	1·72	Weather—Stormy and cool at head-quarters. Rains have been excessive in thanas Fallacotta and Boda, where the crops have been somewhat injured. Slight rain is reported to have fallen in other thanas. The condition of the crops at head-quarters and in most other thanas is very favorable. The sowings of <i>bladoi</i> rice and jute are finished in some quarters, and the sowings of <i>Asimanti</i> rice are in progress. The excessive rain in Boda has produced weeds which retard the growth of the crops.
	Cooch Behar, „ 10 „	2·24	Weather—Hot. Occasional heavy showers. The rainfall at Mathabhangra is registered 1·85 inches, and at Dinhatta 2·63 inches. <i>Biri dha</i> and jute are being weeded. <i>Cherna</i> and <i>baon</i> are looking well. Prospects generally are favorable. There have been a few isolated cases of cholera, but no regular outbreak has occurred as yet.

\* Telegram of the 14th May shows rainfall during the seven days immediately preceding.

<i>Eastern Districts.</i>			
Dacca Divn.	17 Dacca, May 14 <sup>th</sup> '77	·42	Weather—Hot. Sunshine, with alternate rain. The state and prospects of the crops are very favorable. Cholera has decreased except in thana Roopgunge.
	18 Furreedpore ... ..	... ..	Return not received.
	19 Backergunge, " 10 "	·31	There have been storms and rain all over the district during the week, but not to such an extent as in the previous weeks. The sub divisional officer of Dakhin Shabasore reports that <i>sow</i> rice has been extensively sown there, and that the present prospects of the crop are fair. Ploughing has begun throughout the district. The standing crops, though somewhat damaged by the storms, will, it is hoped give a fairly good outturn. Much sporadic cholera and fever still prevail. The cattle are in good health everywhere except in one thana, where disease is reported to have appeared among them.
	20 Mymensingh, " 11 "	2 36	There was a severe storm on the 4th instant, which caused considerable damage to house property. Subsequently it rained every alternate day. The state and prospects of the crops are favorable.
	21 Tipperah, " 11 "	·92	Weather—A little finer, but storms were frequent during the week. The <i>sow</i> and <i>sow</i> rice crops have been partially sown. The cultivation is impeded by the constant rain.
Chittagong Divn.	22 Chittagong, " 10 "	·96	Weather—Cloudy. The cold-weather crops have all been gathered. <i>Pania sow</i> is thriving. More rain is wanted before sowing of other crops can be commenced. Cholera still prevails on a diminished scale.
	23 Noakholly, 10 "	1·50	Weather—Seasonable. A severe thunder-storm passed over the station on the evening of the 4th instant. Cultivation is progressing favorably. Health of the district has much improved.
	24 Chittagong Hill Tracts, " 8 "	·39	Weather—Very hot. High wind prevailed throughout the week, and slight rain fell on the morning of the 8th instant. The burning of the <i>jooms</i> is over, and the hill people have begun to sow in them.
	Hill Tipperah, " 9 "	2 76	Weather—Thunder-storms, with rain almost daily. The sowing of <i>sow</i> paddy has commenced. There are still some cases of cholera at Agartala.
BEHAR.			
Patna Divn.	25 Patna, May 14 <sup>th</sup> '77	·14	Weather—Hot and close. <i>Cheena</i> , sugarcane, and cotton, are the crops now standing on the ground, and they are doing well. Sporadic cases of cholera are reported throughout the district.
	26 Gya, " 12 "	·10	Weather—More cloudy than clear. The rainfall at Jehanabad has been 66 of an inch, at Aurungabad 38 of an inch, and at Nowada 15 of an inch. Threshing of the <i>rubber</i> crops still continues.
	27 Shahabad, " 12 "	·96	Weather—Hot. There is nothing to report except that the mango crop in the Sudder sub-division is not good. Health is good.
	28 Durbhunga, " 12 "	Nil	Weather—Seasonable. State and prospects of the crops are satisfactory.
	29 Mozufferpore, " 12 "	·63	Weather—Pleasant. <i>Cheena</i> , <i>moong</i> , and indigo, have been much benefited by the recent rain. A few cases of cholera and small-pox have been reported from the Hajepore and Seetamurhes sub-divisions.
	30 Sarun, " 12 "	·22	Weather—Hot, with occasional dust-storms. There was a slight fall of rain on the 9th instant. 15 of an inch is registered at Sewan. The crops are all doing well. They have been benefited by the late rain, which appears to have fallen in most parts of the district. General health is good, but cholera in a mild form has broken out in the town and in some villages in the interior.
Bhagalpore Divn.	31 Chumparun, " 12 "	91	Weather—Very hot in the day time. There has been rain accompanied by wind twice during the week. The rain has benefited the indigo crop, and enabled the cultivators to push on the sowing of the <i>dhadoi</i> crops. Cholera and small-pox are still reported.
	32 Monghyr, " 12 "	20	Weather—Hot. There have been slight showers accompanied with much wind on two nights. 31 of rain at Begusarai and 42 at Jamui. The <i>rubber</i> crops are now all harvested. Indigo is promising. Cholera is slightly prevalent in several parts of the district.
	33 Bhagalpore, " 14 <sup>th</sup> "	·29	Weather—Seasonable. The prospects of the crops are good. Health of the people has improved.
	34 Purneah, " 12 "	1·07	Weather—Stormy. 1 68 of rain has fallen at Kiseengunge, and 1·90 at Arrareah. The frequent storms have been beneficial to the growing rice and indigo. Cholera is prevalent in Dhumdaha and in the eastern thanas.

member thought, would not exceed four or five lakhs of rupees, and the hon'ble member had given his reasons for this estimate. BABOO KRISTODAS PAL dared say the hon'ble member had made the fullest inquiry before arriving at that conclusion; but it struck him that there was one important omission in his first item. If he had followed the hon'ble member correctly, he said that the number of estates in the Lower Provinces of Bengal amounted to 150,000. If he remembered aright the figures given in the land revenue reports of the Board of Revenue for the last three or four years, he believed that the number of estates in the permanently-settled districts was 150,000. Now the districts of Orissa—Balasore, Cuttack, and Pooree—so far as he was aware, contained a multitude of small estates, some of them comprising only five or six beeghas of land, and the number of shareholders was again very large. So he was not quite sure whether the small estates in Orissa, which were so large in number, had been included in the grand total mentioned by the hon'ble member. A large revenue, he thought, might be expected from the working of the Land Registration Act in Orissa alone. Last week he received a letter from Cuttack, in which it was stated that in March last the sale of stamps for purposes of the Land Registration Act produced Rs. 50,000 in the district of Cuttack alone. Then again he might mention that he had a conversation lately with one of the most experienced judicial officers in Tirhoot, who told him that the sale proceeds of stamps in connection with the Land Registration Act in that district would probably amount to Rs. 1,00,000. In that district the estates were small, and the number of sharers very considerable. Of course he spoke only from what he had learnt from others. He had no official data before him, and he might state that he would be greatly disappointed if the increase of revenue from the sale of stamps for purposes of the Land Registration Act did not exceed Rs. 5,00,000.

• Then, with regard to the remark of the hon'ble member, that the notification requiring people to register their titles to lands, which was issued in November last, allowed six months from that date, and that the sale of stamps for applications made previous to April would not benefit the provincial revenues, BABOO KRISTODAS PAL fully admitted that fact; but he believed the hon'ble member was aware that there had been a rush for registration only since April last, and that people had been sleeping, as it were, over the thing for the past four or five months, and had rarely taken active steps for filing applications. Of course there had been applications filed during the preceding five months, but he did not think the number was very great; so that the bulk of the increased revenue would be derived by the local Government since the stamp revenue had been made over to the local Government, from the 1st of April last.

In conclusion he desired to state that, consistently with what he had said on the occasion of the introduction of the Bill into Council, when he took the liberty to object to the principle of the Bill, he felt it his duty to enter his formal protest against the passing of the Bill into law.

The HON'BLE BABOO ISSER CHUNDER MITTER said he wished to add a few words in respect of the revenue which was expected to be derived from the sale of stamps in connection with the operation of the Land Registration Act. Whatever might be the revenue which might come in under this head, against the receipts from the sale of stamps must be set down the expenditure which must be incurred in carrying on the operations consequent on the registration of estates. He was in a position to say that for every estate on the towzee there would be an expenditure of about three rupees for the service of processes, which expenditure would go a great way to take up the receipts which might be got from the sale of stamps. He was aware that there was another head under which there would be receipts, namely fees for registration; but these fees would perhaps scarcely suffice to cover the cost of the innumerable forms which had been printed. And if all these things were taken into consideration, he believed that the anticipated increase of revenue would not be large.

HIS HONOR THE PRESIDENT said he thought that there was only one point bearing upon this question, and that was whether we had any such knowledge of the anticipated increase of revenue as would justify the Government in withdrawing this Bill. Whatever information we possessed of the receipt of Rs. 20,000 here and Rs. 20,000 there was all speculative, and he was quite certain that

it would not in any way meet the requirements of the Government in respect of interest upon provincial public works. He did not understand that the hon'ble member now maintained that the Government was in such a position as to warrant it in relying on that revenue to meet the requisition of the Government of India.

In addition to what had been already said as to the possible receipts under the Land Registration Act, he might state that he had obtained last night an exact account of the receipts in one division containing five or six very large districts. That account showed a total increase of Rs. 70,000 in the stamp revenue in that division, and that entirely bore out the rough estimate which had been made by the revenue officers of the Government at his request, by taking the number of estates in the province and the value of the stamp involved in each registration.

The motion was then agreed to and the Bill passed.

#### COMPULSORY RATE ON IRRIGABLE LANDS.

The HON'BLE MR. RAVENSHAW said that in dealing with the compulsory Irrigation Bill the Committee had found considerable difficulty in so adapting the procedure of the Bill as to suit the peculiarities of different parts of the country; and, moreover, it had been found that in some places time might properly be afforded to zemindars and people to construct field-channels and prepare themselves for the system of compulsory irrigation. It had also been pointed out that in some districts cadastral surveys had been carried out, and it was very desirable that survey of irrigable areas in all districts be completed, so that the Bill might provide one procedure for all parts of the country. Therefore it was desirable that postponement of the Bill be allowed until the cadastral survey in Orissa was carried out. He understood also that the Government proposed to depute a special officer to make local inquiries and to advise the Committee in working out the different clauses of the Bill, and as to the best manner of adapting its procedure to suit local requirements. In consideration of these circumstances he had the honour to move that the Select Committee be allowed six months' time to enable them to report on the Bill. During that time it was hoped that cadastral surveys and construction of field-channels would be pushed on to completion.

The HON'BLE MR. BAYLEY observed, with reference to what had fallen from the last speaker, that he did not think there was any hope of the cadastral surveys being completed in the different districts in so short a time as six months.

The Council then adjourned *sine die*.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h; the maximum and minimum temperatures from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modification of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph. The mouth of the rain gauge is one foot above the ground.

Letter No. 313B, dated 17th April 1877, from the Secretary to the Board of Revenue, submitting the reports of the Opium Agents of Behar and Benares on the operations of the Agencies during the season 1875-76.

THE total number of beeghas under poppy cultivation in the Behar and Benares Agencies during the year 1875-76 was 849,168, which yielded an outturn of 1,48,818 maunds of opium. This is the largest outturn on record.

2. The extent of land under opium cultivation, the outturn, and average produce per beegha in the Behar and Benares Agencies during the past six years are as follow :—

YEAR.	BEHAR.			BENARES.		
	Land under cultivation.	Outturn.	Average produce per beegha.	Land under cultivation.	Outturn.	Average produce per beegha.
	Beeghas.	Mds.	Srs. C.	Beeghas.	Mds.	Srs. C.
1870-71	187,550	45,763	3 12	340,485	30,976	3 9
1871-72	497,501	51,913	4 2 <sup>7</sup> / <sub>5</sub>	365,471	29,528	3 3 <sup>1</sup> / <sub>5</sub>
1872-73	471,280	51,848	4 10	356,442	33,258	3 11
1873-74	410,278	60,861	5 15	328,654	43,000	3 3 <sup>1</sup> / <sub>5</sub>
1874-75	510,313	58,977	4 10	359,353	39,201	4 5
1875-76	470,928	68,704	5 13 <sup>1</sup> / <sub>2</sub>	378,242	60,113	6 4

3. The season at both agencies was a very favourable one, as is shown by the high rate of the average produce. The outturn was worst in the unirrigated lands to the north of the Ganges, and best in the Behar lands south of the Ganges, where the whole of the cultivation is irrigated. In the Shahabad district the general average produce was as high as 8 seers 10 chittacks per beegha.

4. Advances for the construction of wells for irrigation purposes were made liberally, and with good results. Manuring experiments were not very successful. The experimental cultivation during the season under review was again confined in both agencies to seed selected by Mr. Scott, but it was found that the average produce per beegha obtained from the selected seed was rarely, if ever, greater than that obtained from the ordinary seed. The experiments, therefore, must be said to be very discouraging, and they have been renewed during the present season in a few of the sub-agencies only.

5. The policy of continuing rewards in the form of presents of shawls, &c., to deserving cultivators, has been under consideration during the year, and it was found that the officers who were best qualified to give an opinion were in favour of the system. The distribution of these rewards is in accordance with old custom, and it seems to be appreciated by the people, and to stimulate them to the production of better opium. The extension of the challan system of weighing opium has also been under discussion, and there is much difference of opinion as to its advantages over the system of home weighments, which still prevails over most of the Benares Agency. The principal argument in favour of the challan system is that it is calculated to relieve the officers at head-quarters, especially the Principal Assistant, of some mechanical work, and to enable them to devote more time and attention to their proper duty of analysis. On the other hand, home weighments are said to be more popular with the cultivators, and this is a point of special importance at the present time, when prices are about to be reduced. In the meantime the orders extending the challan system to Ghazipore and Azimgurh are temporarily in abeyance.

6. It is unnecessary to do more than refer to the recent important notification declaring that the price to be paid by Government to cultivators for the next crop will be reduced from Rs. 5 to Rs. 4-8 per seer of the present consistency. The area under cultivation for the next season will also be reduced by the abolition of the Chota Nagpore Sub-agency and of the Rohinee factory in the Monghyr district.

7. The Lieutenant-Governor observes with satisfaction the favorable report of the working of the saw-mill at Bankipore under Mr. Girling, the engineer in charge. He is also glad to acknowledge the valuable services of both the Agents, Mr. H. W. Alexander at Patna and Mr. H. Rivett-Carnac at Ghazipore, and of the two Principal Assistants, Drs. Sheppard and Durant. Mr. Money, the Member in charge of the Board of Revenue, exercised as usual the most assiduous and efficient supervision over the affairs of the department throughout the year.

By order of the Lieutenant-Governor of Bengal,

H. J. S. COTTON,  
*Junior Secy. to the Govt. of Bengal.*

## Rainfall, Weather, and State and Prospects of the Crops.

ment, showing Rainfall, Weather, and State and Prospects of the Crops in the different District of Bengal, as reported to Government during the week ending the 26th May 1877.

District, and date of return.		Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
GAL.			
Western Districts.			
1	Burdwan, May 28*77	62	Weather—Very hot. The rainfall at Culna has been 37 of an inch, at Jehanabad 250 inches, at Raneegunge 11 of an inch, and at Bood-bood 64 of an inch. A heavy storm from the north-west passed over Burdwan town on the 26th instant. Cases of cholera have occurred in Purbasthali.
2	Bankoora, „ 26	84	Weather—General rains and wind in the beginning of the week; very hot afterwards. The rain has been beneficial in various ways. The general prospects of the crops are favorable.
3	Beerbhoom, „ 26 „	55	There has been rain at the beginning of the week. The weather has now settled down bright and hot. Ploughing has begun, the late rain having rendered the ground fit for it.
4	Midnapore, „ 26 „	67	The rainy weather having passed off, it has again become unusually hot and oppressive. State and prospects of the crops are favorable.
5	Hooghly, „ 26 „	09	Weather—Oppressively hot. The sowings of early rice are almost over, and the seedlings of late rice are being prepared in nurseries. Vegetables are doing well. The mango crop is being reaped, and the result is less than average. Public health is normal. Cattle disease still exists in one village in the Pandooah station.
	Howrah, „ 26 „	191	Weather—Very hot, with a fair fall of rain. The rain has done much good in enabling the agriculturists to prepare their lands.
Central Districts.			
6	24-Pergunnahs. May, 28†77	156	Weather—Very hot, and little rain. The sowings of <i>aus</i> , or early rice, and jute are progressing well. Public health is generally good.
7	Nudden, „ „ 26 „	114	Weather—Exceptionally hot since rainfall. The rain has been very favorable to the rice crop. The October indigo is improving, and the spring sowings are very promising. More rain is wanted.
8	Jessore, „ 26 „	45	Weather—Hot and muggy. State and prospects of the crops are good.
9	Moorshedabad, „ 26 „	97	Weather—Very sultry. There is hardly any change to report this week. <i>Boro dhan</i> , or spring rice, is being reaped with more than an average yield. The cultivation of both autumn and winter rice is going on favorably. Cholera still prevails, but is abating.
10	Dinapore, „ 25 „	1188	Weather—Very heavy rain from the 19th to the 21st instant; since then strong wind from the east, with intervals of great heat. 11.35 of rain registered at Roygunge. The spring rice has been injured by storm. The <i>bhadoi</i> sowings are not yet complete.
11	Rajshahye, „ 26 „	194	The week commenced with heavy rain, followed by five days of intense heat. On Saturday morning there was a thunder-storm with slight rain. Spring rice is being cut, and the sowings of winter rice are going on fast. Jute, autumn rice, indigo, and <i>seesamum</i> , are doing well.
12	Rungpore, „ 26	1581	Weather—Wet and stormy. Of the total registered quantity of rainfall at the Sudder Station 4 inches were gauged on the 20th, and 11 inches on the 21st instant. The rainfall at Bagdogra has been 15.62 inches, at Kurigram 9.24 inches, and at Gaibanda 4.01 inches. The state and prospects of the crops however continue to be good. The late heavy rain will be favorable to the high land crops, but not so to the low land crops. Even in the case of the latter the Collector does not think that any considerable damage has been sustained.
13	Bogra, „ 26	409	Weather—Rainy in the beginning of the week, hot in the middle, and cloudy at the end. The condition of the crops has been much improved by the heavy fall of rain during the week.
14	Pubna, „ 26	24	Weather—Very hot. Light showers of rain fell during the week. State and prospects of the crops continue to be good.

\* Telegram of the 28th May shows rainfall during the seven days immediately preceding.

<i>Central Districts.</i>			
RAJSHAHY AND COOCH BEHAR DIV.	15 Darjeeling ... ..	.....	Return not received.
	16 Julpigoree, May 26 '77	8 17	Heavy rain fell on the 21st instant, resulting in a rapid rise of the river. In Julpigoree, Milligoree, Patgram, and Alipore, excessive rain has injured the crops. The general condition of <i>bhādo</i> rice and jute is favorable. The <i>kaimunti</i> sowings are going on, and are promising.
	Cooch Behar, " 24 "	13 37	There has been very heavy rainfall during the week: over seven inches fell in one day. The country is a good deal flooded. When it is not raining the weather is very hot and close, and the atmosphere is charged with damp. The rain at Mathabangan is registered 12·82 inches, at Dinhatta 11·71 inches, and at Mekligunge 4·92 inches. In the Deputy Commissioner's opinion the rain has not done much harm. Most of the <i>bitri dhan</i> is too strong to be injured now. <i>Cheena</i> has suffered a little. So far there has been no cholera in the district this year, and this is probably attributable to the early rains.
<i>Eastern Districts.</i>			
DACCA DIV.	17 Dacca, May 25* '77	1·21	Weather—Seasonable. State and prospects of the crops are favorable.
	18 Furreedpore, " 26 "	·97	There has been heavy rain during the week, alternating with sultry weather. 2·2 inches registered at Madaripore. The river is rising rapidly. The cultivation of the low lands is still impeded by the unusual rainfall.
	19 Backergunge, " 24 "	4 03	Weather—Occasional high winds and showers of rain continue. Ploughing for the late rice has begun all over the district, and the prospects of the early rice in the Dakhin Shabazpore sub-division are fair. There is still a good deal of sickness among the people, but the cattle are everywhere healthy.
	20 Mymensingh, " 25 "	5 16	Weather—Rainy, but very sultry in the intervals between the showers. State and prospects of the crops are good.
	21 Tipperuh, " 25 "	3·83	Weather—Heavy rain in the beginning of the week. Since then fine, with strong southerly winds. The prospects are better than before. A good deal of both <i>acous</i> and <i>amun</i> rice has been sown.
CHITTAGONG DIV.	22 Chittagong ... ..	... ..	Return not received.
	23 Noakholly, May 24 '77	2 9	Weather—Rain almost every day throughout the week. On the 19th instant a high south wind blew nearly the whole day. The early rice is still being sown. This crop in low parts of the district has been somewhat damaged, but the general prospects are still favorable. Chillies and other minor crops are doing moderately well. Stray cases of cholera are reported from the interior of the district, and fever is prevalent in the south and east.
	24 Chittagong Hill Tracts, " 22 "	3 87	Weather—Very hot during the first part of the week. Heavy falls of rain, accompanied with squalls, have lowered the temperature since the afternoon of the 21st instant. The clouds have not yet cleared away, and the wind is blowing from the south-east. The falls of rain during the week have much improved the prospects of the paddy crop in the <i>jooms</i> . The <i>joomeahs</i> are very busily engaged in sowing. Cholera has again broken out in the Chengri Valley.
	Hill Tipperan, " 23 "	5 56	Weather—Rain on six days of the week. Early rice is being sown and sugarcane is being planted. Public health has improved at Agartollah.
<b>BEHAR.</b>			
PATNA DIV.	25 Patna, May 28* '77	1·67	Weather—Hot and sultry. Rain has caused damage to the crops in the <i>khaliāns</i> in the Behar and Barrh sub-divisions, but has benefited those on the ground, viz. sugarcane, <i>cheena</i> , and cotton. Health of the district is generally good.
	26 Gya, " 26 "	10·4	There has been heavy rain for a couple of days immediately after the last report. The weather has become hot again since, with clouds at times. The rainfall at Aurungabad has been 8·71 inches, at Jehanabad 4·6 inches, and at Nowadah 10·3 inches. The rain has not done any damage except to the crops stored on the <i>khaliāns</i> . Public health is generally good, but there is some cholera in Gya town.
	27 Shahabad, " 26 "	1·47	Weather—Hot and cloudy. Sugarcane promises well. Cholera has abated.
	28 Durbhunga, " 26 "	1 47	Weather—Seasonable. The rains during the week have been very beneficial, and the prospects of the crops are at present quite satisfactory.

Telegrams of the 28th May show rainfall during the seven days immediately preceding.

No.	District, and date of return.	Rainfall at Sudder station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR.—(Continued.)			
PATNA DIVN.	29 Mozufferpore, May 26 '77	62	Weather—Seasonably hot. The late rains have done much good to the standing crops. Few cases of cholera are reported from different parts of the district.
	30 Sarun, „ 26 „	66	Weather—Hot and clear with shifting winds. Barometer very low. There was some rain throughout a large part of the district. 11 of an inch is registered at Sewan. The rain will have benefited indigo, sugarcane, cotton, and <i>cheena</i> , the last of which is fast ripening. The prospects of indigo are generally excellent.
	31 Chumparan, „ 26 „	Nil	Weather—Seasonable. No change to report. The prospects of the crops are good. Cholera still continues.
BHAGULPORE DIVN.	32 Monghyr, „ 26 „	6.52	Weather—Hot, but heavy rain fell on one day. 4.43 inches registered at Beguserai, and 5.32 inches at Jaiqui. The rain has done good. The crops are reported well from Beguserai.
	33 Bhagulpore, „ 28* „	3.71	Weather—Now seasonable, east winds prevailing. The average rainfall in the district has been 2.75 inches during the week. Cultivation has well advanced, and the prospects of the crops are excellent. Health is improving.
	34 Purneah, „ 26 „	5.94	Weather—Stormy and muggy by turns. Heavy rain fell at the beginning of the week and did good to the crops. The rainfall at Kissengunge has been 4.90 inches and at Arrareah 4.85 inches. Cholera is still prevalent in certain parts of the district.
	35 Maldah, „ 26 „	6.33	Weather—Very heavy rain on the 20th and 21st instant. The state and prospects of the crops are generally satisfactory. The rain has done good to the indigo crop, but has slightly damaged the spring rice. Cholera is decreasing.
	36 Sonthal Pergah, „ 27	1.87	Weather—Seasonable. No change to report. The prospects of the crops are good. Cholera still continues.
ORISSA.			
	37 Cuttack, „ 26 „	2.90	Weather—Very stormy with rain in the beginning of the week; latterly cool. Sowing is in a very advanced state. The <i>brali</i> crop is well above the ground. The general health is good, though cholera exists in a sporadic form.
	38 Pooree, „ 25 „	2.17	Weather—Cloudy, with occasional rains accompanied by storms. 3.32 inches of rain registered at Kheordah. In that sub-division the progress of sowing has been greatly retarded by heavy rain, but the prospects of other crops are good. In other parts of the district ploughing and sowing are going on well.
	39 Balasore, „ 25 „	2.44	Weather—Windy and stormy at the beginning of the week; now excessively hot and calm. The sowings of early rice have commenced. Public health is fair.
CHOTA NAGPORE.			
South-West Frontier Agency.			
	40 Hazareebagh, May 25 '77	1.26	Weather—The first half of the week was rainy, but the latter half was intensely hot. No crops on the ground to report. Ploughing is general over the district.
	41 Lohardugga, „ 26 „	1.45	Weather—No rain from 22nd to 26th instant. Hot winds blowing. No harm however has been done to the early rice as yet. The rainfall at Palamow has been 4.80 inches, and there are no further reports of cholera; but a few cases of small-pox occurred in that sub-division as well as at Ranchi. Cattle disease has appeared on the north-eastern border of the district.
	42 Singbhoom, „ 25 „	1.85	The weather has become intensely hot notwithstanding all the rain there has been, but it is favorable to the sowing operations now to begin. No crops on the ground to report. The district is healthy.
	43 Manbhoom, „ 26 „	2.75	Weather—Hot and seasonable during the latter part of the week. It is a notable fact that eight times the quantity of rain which fell between the 1st January and the 21st May 1876 has fallen during the corresponding period of 1877. Ploughing and sowing of <i>gora dhan</i> and <i>goondli</i> millet are going on. The season has been favorable up to date.

The mean pressure, temperature, &c., are deduced from observations made at 6h., 10h., 16h., and 22h; the maximum and minimum temperatures from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, at the Surveyor-General's Office.

The hygrometric elements are obtained from tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modification of August's formula.

The direction and movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain gauge is one foot above the ground.

Commissariat beer ... .. Mds. 4,910 Rs. 2,391  
Government stores ... .. " 12,494 " 32,556

The small increase in the former is merely a set-off against the decrease in the latter half of 1876.

That in other Government stores has been mainly in the despatch of arms and ammunition to the Agra and Ferozepore arsenals, in connection (it is said) with a change being made in the arming of the troops by the adoption of the Martini-Henri Rifle.

Coal—Upward ... .. Mds. 99,167 Rs. 15,639  
Downward ... .. " 3,11,972 " 45,888

The increase in the upward coal is steady.

The downward traffic is largely increased (some 330 tons a day above 1876).

Ghee ... .. Mds. 9,131 Rs. 10,283

There is a large and continuous demand for the Calcutta market and an ample supply in the Cawnpore district, so that this traffic continues to show considerable increase.

Grain and pulses ... .. Mds. 9,87,168 Rs. 4,22,763

Made up as under—

Wheat ... .. " 4,79,424 " 3,30,153  
Rice ... .. " 1,63,276 " 14,640  
Other cereals ... .. " 2,60,545 " 65,183  
Pulses ... .. " 84,223 " 12,487

Thus it will be seen that one-half the increase in weight and nearly four-fifths of the increase in earnings lies with the one staple of wheat, which is pouring in from the Punjab and from Oudh mainly for export from Calcutta.

*Other Cereals*—Of this increase Cawnpore contributes about 6,000 tons in traffic to the famine districts, and the Punjab about half as much, which nearly all goes in the same direction.

*Pulses*—The greater portion of this increase is also in edible pulses going to Western India.

The very large increase in—

Gunny of ... .. Mds. 51,918 Rs. 56,370

is an index of the activity of trade in produce.

The increase is entirely in the despatches from Howrah for bagging produce up-country, and the weight shown above implies the bagging of at least 100,000 tons more produce than was arranged for at the same time last year.

Hides ... Mds 12,013 Rs. 7,798

The export trade has been brisk throughout April, and a good supply has come in from Tirhoot and the Patna district.

Iron ... Mds 42,486 Rs. 53,467

The general traffic in iron is still brisk, and there was also a large despatch of ironwork to Nussereabad for some special works there.

Jaggree ... Mds 38,021 Rs. 33,765

The cane cultivation is still developing in the Shahabad and Buxar districts, and the increase is steady.

Opium ... Mds 24,989 Rs. 30,121

There were exceptional despatches of the "provision" opium, owing to previous delays in getting it to the Presidency for some departmental reasons.

Salt ... Mds 62,331 Rs. 22,155

This is almost entirely in the despatches from Howrah; prices *ex ship* have been low, and dealers have bought for direct despatch to up-country marts.

Stone ... Mds 9,632 Rs. 1,745

This is a despatch of rubble stone from Luckhisera to Patna.

Tobacco ... Mds 15,433 Rs. 11,264

Large quantities have been offered at Barrh and Mokameh.

There has also been a good deal from the Purneah district *via* Caragola ferry.

#### Decreases.

Betelnuts ... Mds 3,180 Rs. 4,329

This is a very small fluctuation, looking at the large increases which have been shown for so many months past.

Cotton ... Mds 29,058 Rs. 42,018

The increase over 1876 in the previous month was 45,000 maunds, Rs. 67,000, owing to an impression obtaining that there would be room to operate in export trade; but this has proved erroneous, and there are large stocks on hand in Calcutta, while the export for the whole month of April was barely 20,000 maunds.

Firewood ... Mds 28,435 Rs. 252

Kunkur ... 35,100 465

These are two branches of the traffic which have been almost obliterated for the time by the pressure of more important staples.

Piece-goods ... Mds 22,541 Rs. 35,519

The stagnation in this trade just now is remarkable. Money is dear, prices are low, holders are unwilling to press sales and cause a further fall.

the head of "Cotton Goods."—"The dearness of

This decrease is mainly due to the demands of other traffic

Saltpetre ... Mds 17,168 Rs. 10,100

The price of saltpetre has been steadily rising in the Calcutta market owing to the expectation of war, but there are said to be no stocks on hand, and there would probably be a much heavier traffic in this staple but for the excessive demand for carriage of other staples.

Seeds show increase in weight of 1,28,616 maunds, with decrease in earnings of Rs. 7,709

The money decrease is merely nominal.

The demand for export is very great, and buyers are taking what they can most readily get.

Sugar shows decrease in weight of 7,344 maunds, with increase in earnings of Rs. 9,429.

Neither fluctuation is of much importance.

The train mileage for the period has been--

That in merchandise is as before due to the very heavy grain traffic to Bombay and Western India owing to the famine, a state of things which seems unhappily likely to last for some months yet.

### Reports of Fluctuations of Traffic on the Eastern Bengal Railway for the Month of April 1877.

*Report on the Traffic for four weeks ending 28th April 1877.*

Dated the 23rd May 1877.

From—JAMES BRANDER, ESQ., Traffic Superintendent,

To -- The Agent, Sculda.

The quantity of goods carried during the above period was 6,10,758 maunds, as against 4,38,149 maunds in the same period of last year, showing an increase of 1,72,609 maunds.

The following are the principal staples that have added to this increase:—

**Increases.**

Grain	...	...	...	...	Mds. 1,01,215
-------	-----	-----	-----	-----	---------------

This staple, as was expected, still holds its own in the market, owing to the demand for exportation.

Hides	...	...	...	...	...	Mds	6,237
-------	-----	-----	-----	-----	-----	-----	-------

This item shows an increasing tendency, more demand having arisen in the market.

Piece-goods	...	...	...	...	Mds.	4,415
-------------	-----	-----	-----	-----	------	-------

It is satisfactory to note that this traffic, which paid high freight, is still increasing; being all upward traffic, tends to reduce the empty mileage.

Railway materials ... ..	Mds.	8 083
--------------------------	------	-------

We are still despatching a considerable quantity of material for the Northern Bengal State Railway, which adds to our upward revenue.

Salt	..	...	...	...	...	Mda.	22,918
------	----	-----	-----	-----	-----	------	--------

This article of commerce continues to show a satisfactory increase, and as this traffic now seems to be fairly established, it will no doubt continue to grow.

Seeds	...	...	Mds. 59 765
-------	-----	-----	-------------

These are still increasing, showing that eastern country seed is again being sought after, and that large quantities are arriving at Goulundo.

All other goods	...	...	...	.	.	Mds.	37,517

This miscellaneous traffic continues to thrive, and shows a considerable increase. This traffic is nearly all upward

*Decreases.*

<b>Gunny</b>	...	...	.	..	<b>Mds</b>	<b>6,958</b>
--------------	-----	-----	---	----	------------	--------------

This is easily accounted for owing to the great demand for sacks in the interior.

						Bales 12,782

<b>Jute</b>	...	...	...	...	...}	Bales	12,782
-------------	-----	-----	-----	-----	------	-------	--------

The decrease shown in the above article is owing to the season being earlier over this year than last and the jute presses up-country closed.

Tobacco	...	...	..	.	...	Mds.	12,413
---------	-----	-----	----	---	-----	------	--------

This produce still seems to fall off, owing, I have no doubt, to the present want of demand in the market here and in Europe for the article.

Turmeric	...	...	...	..	Mds.	6,143
----------	-----	-----	-----	----	------	-------

This article shows a decrease owing to there having been a smaller quantity offered for carriage, but this product fluctuates very much owing to demand in Calcutta.

I attach the usual statement showing the increases and decreases of the principal staples.
